

INSTRUCTIONS

ROPE/PRO™ BUCKET

CODE

↳101680

MAX LOAD

↳50KG / 110LBS

NLG ID

Scan the orange tags on compatible NLG products to access detailed product info, certification and installation videos.

NOTE

Orange handles: Lifting points for lifting and lowering.
Green handle: For carrying or attaching to harness only.

01

Place all materials and tools inside the bag. Tools can be attached to the internal daisy chain around the rim of the bag.

02

Close roll top closure by rolling at least 3 times before connecting the buckle.

03

Attach the strap to the top and tension. Check that the compartment is secured and closed before lifting or lowering.

Note: Separate Instructions are available to show the correct installation of the subframe system (solid top ring insert at the top of the bucket)
