

**Highlights:** DentalVision, offered through Alfa® Health Plans, uses Delta Dental PPO Plus Premier and VSP Choice provider networks. Network payments are based on negotiated fees.

If an Out-of-Network provider is used, the individual's liability will increase significantly.

Deductible is per individual per calendar year up to \$150 maximum for family coverage.

Benefit levels are based upon number of months specific individual is enrolled in coverage.

When services are received from a non-participating dentist, the percentages in this column indicate the portion of Delta Dental's Premier Dentist Schedule (or the non-participating dentist fee) that will be paid for those services. This amount may be less than what the dentist charges or Delta Dental approves and the individual will be responsible for that difference.

## **Walmart:**

While not a full participating provider within this plan, Walmart will file a claim for vision benefits on an individual's behalf and accept assignment (payment) from VSP. The use of Walmart's eye care center may not result in the maximization of benefit in all cases. It will come close, offering a potential convenience for an individual.

When using Walmart as a provider, please ask the eye care associate for expected costs when the benefits are utilized.

Visit vsp.com for details about providers other than a VSP network provider. VSP guarantees coverage from VSP network providers only. Coverage information is subject to change. In the event of a conflict between this information and the DentalVision contract, the terms of the contract will prevail. Based on applicable laws, benefits may vary by location.
