

RES HOME CARE TRAUMATIC BRAIN INJURY (TBI) WAIVER

**Serving Nassau/Suffolk, NY
Tel: (631) 732-4794 ext 130**

Established in 2000, RES Home Care is a leading New York State licensed agency providing comprehensive long-term care and home and community-based services. The company caters to individuals with diverse needs, including physical and cognitive disabilities and the aging population.

Additionally, RES is a provider for two of New York State's Department of Health home and community-based waiver programs: HCBS/TBI and HCBS/NHTD. The company also offers counseling, neuropsychological testing, companion services, and a social day program.

RES Home Care offers home care services through insurance, private pay, and the HCBS/TBI and HCBS/NHTD Waiver Programs.

TBI Waiver program Services include:

- *Service Coordination**
- *Structured Day Program**
- *Community Integration Counseling**
- *Independent Living Skills Trainer**
- *Positive Behavioral Interventions**
- *Home/Community Support Services**

- **ILST** providers assess participants' strengths and weaknesses in daily activities and offer training in budgeting, medication management, cooking, travel training, meal planning, organization, and support for vocational or educational goals.

- **CIC:** Our CIC services help individuals manage emotional challenges when transitioning to community life. We offer counseling for adapting to changed abilities, expectations, and roles.

- **HCSS** services provide oversight, supervision, and assistance for Activities of Daily Living (ADL) and Instrumental Activities of Daily Living (IADL) to ensure individual safety at home and in the community.

- **SDP** offers classes like art therapy and cognitive rehabilitation to help improve social and cognitive skills in a supportive environment. Operating Monday to Friday from 9am to 3 pm. Contact the RES Intake Department for more information.

- **PBIS** services are available for individuals experiencing behavioral difficulties following a brain injury, including mood fluctuations, anger control issues, social withdrawal, impulsivity, struggles with new environments, elopement, lack of motivation, lethargy, lack of follow-through, and poor concentration."

- **Service Coordinators** monitor all waiver and medical services to meet each individual's needs. They assist with maintaining waiver eligibility, coordinating medical management and transportation, linking individuals to community resources such as state plan services, housing, recreational services, and therapies, and maintaining benefits and entitlements (Medicaid, food stamps, etc.).
