

High Performance Without Leadership Resilience Will Break.

Connect leadership health to business outcomes.
ORBIT + HORIZON reveal whether your success is sustainable or fragile.

THE PROBLEM

Strong results can mask weak leadership. Until it is too late.

Your best region hits every target. But its leaders are burning out teams.
Cultural health indicators are invisible in financial reports.
Long term performance risk hides behind short term revenue success.

Predictive analytics

"Your highest revenue region hit 120% of target this quarter. But 40% of its leaders carry a flight risk score. Is that sustainable?"

ORBIT detects what financials hide. HORIZON shows the trajectory.
