A NEW CATEGORY

Organizational Intelligence is not HR software. It is the Operating System for Leadership.

Competitors record data. STRASYS produces leadership decisions. Every action, from succession to talent classification, is driven by algorithm. A category we created and own.

Who Is a Leader in STRASYS?

TYPE 1 | PEOPLE LEADER

Team Manager

Anyone who manages people and has direct reports. From team leader to CEO. All modules available.

TYPE 2 | PROCESS LEADER

Critical Role Holder

No team, but their error threatens the organization. Owns certification, regulatory, or critical processes.

STRASYS focuses on leadership decisions, not operational data entry.
