

Strategy Without Visibility Is Not Strategy.

Real time strategic control. In seconds.
ARC + HORIZON eliminate the gap between leadership intent and operational reality.

THE PROBLEM

Your strategy exists. Your alignment visibility does not.

Execution variance across regions goes undetected for months.
Every country reports differently. There is no single operational truth.
By the time misalignment surfaces, the quarter is already lost.

MODULE 01 | ENTERPRISE TIER

ARC

Adaptive Reasoning Core

Conversational BI

Ask any strategic question in natural language.
Executive dashboard generated in seconds.

Alignment Visibility

Development, performance, risk and strategy data unified. One operational truth.

Execution Variance Detection

Spot regional misalignment instantly.
No waiting for quarterly reports.

MODULE 02 | EVOLUTION+ TIER

HORIZON

Strategy Cascade Engine

CAGR Growth Algorithm

Mathematically precise annual targets.
No more linear guesswork.

Geospatial Command Center

Every country on a live heatmap.
Execution variance visible in real time.

Approve & Lock Governance

Country leaders verify before HQ sees.
Clean data, single source of truth.

10 sec

From question to decision

Real time

Strategic control

CAGR

Algorithmic target setting

Immutable

Full audit trail

"You set the 5 year vision. But can you see today which regions are drifting from it? And how fast can you intervene?"

ARC answers in 10 seconds. HORIZON locks the correction.

See it live. Request a 15 minute executive demo.
