

# Drive faster ramp-up with rigorous learning design

## WHAT IS NURALIA?

Nuralia is the first all-in-one AI-powered instructional design companion built to compress employee onboarding development cycles from months to minutes. We radically accelerate the creation of high-impact onboarding content, from initial company culture overviews to role-specific technical training, using cognitive science to equip your new teammates retain knowledge, feel supported, and hit productivity faster.

### Science-first

Grounded in learning science to drive retention of company values, operational workflows, and role-specific knowledge

### Radically fast

Build and deploy department-specific tracks, compliance training, or practice scenarios 12x faster, slashing time to productivity

### Built for impact

Purpose-built to transform complex company documentation into engaging, interactive training that maximizes long-term employee value

## KEY BENEFITS

- Instant onboarding pathways:** Build complete daily roadmaps, interactive company handbooks, & training decks in minutes
- Turnkey manager toolkits:** Generate comprehensive manager guidebooks, 30-60-90 day check-in templates, and interactive milestones with zero prep time
- Hybrid workforce agility:** Scale your onboarding across in-person cohorts, remote self-paced tracks, and virtual deep-dives

### Eliminate bottlenecks

Turn static handbooks, training guides, or messy Google Docs into structured, highly engaging, role-specific training tracks instantly.

### Maximum retention

Apply cognitive load management to prevent "new hire overwhelm," prioritizing the right concepts as their role evolves.

### Ethical AI & security

Zero prompt training. Your proprietary materials remain yours and are never used to train our models.

### Seamless scaling

Standardize a premium onboarding experience across global departments with the same high-caliber culture and training.
