

Seamless Pinch Clamps (KVGT)

- All 300 series stainless steel pinch clamp with "tongue and groove" design provides 360° seamless fastening
- Seamless tongue and groove design generates uniform compression sealing, making these clamps perfect for Beverage, Automotive, Marine, Heavy Duty Truck, Medical and Motorcycle industries.
- Perfect for poly and braided tubing
- Patented crimp lobes (available in certain sizes) eliminate miscrimps during installation. Please contact your sales representative for more details.

Full part number consists of base part number plus packaging suffix. Add 00C to end of base part number for bulk, or 00P100 to end of base part number if packed.

Many of our Seamless (KVGT) clamps offer our patented crimp lobe technology. This feature ensures that the crimping tool is properly positioned to help eliminate miscrimps which can result in leaks.

This clamp requires a tool to seal correctly, available from Murray. See Tools page near the back of this catalog for more details.
