## Work Experience

### Student graphic designer / InCommodities

JANUARY 2025 - PRESENT, AARHUS

Work in energy trading company in Branding & Communication department during my studies in Denmark. I worked on building and supporting our branding through graphic design, motion design, copywriting, and photography, using tools of Adobe Creative Cloud and Figma on a daily basis. Over time, I designed everything from LinkedIn posts and motion videos to T-shirts and can designs, always making sure our visuals stayed fresh, engaging, and on-brand.

### Communication dept. trainee / Prague Airport

APRIL 2024 - JULY 2024, PRAGUE

I worked within the communication department team, which included events, internal communication, external communication, and CSR. I assisted with planning events, including a cycling marathon for over 100 employees and an Open Doors Day for more than 1300 people. I also helped with organisation of TV broadcast from airport Snídaně s Novou. This role provided me with hands-on experience in event management, organisation and communication.

### Product design intern / Pixelfield

SEPTEMBER 2023 - DECEMBER 2023, PRAGUE

I assisted more experienced colleagues with web and app design. I learnt how to work with wireframes, prototypes and how to prepare designs for developers.

## Skills

Teamwork   Communication   Rethinking   Organizational skills   Graphic design  
Event planning   Photography   Brand design   PR communication   Creativity  
Problemsolving   English C1   Deutsch A2-B1   Social media

## PC Skills

Adobe Illustrator   Figma   Davinci Resolve   Adobe InDesign   Adobe Photoshop  
Blender   Adobe Lightroom   Microsoft office

## Education

### Multimedia design / Business Academy Aarhus

SEPTEMBER 2024 - PRESENT, AARHUS

After one year in Prague I have chosen to move to Denmark to pursue my dream and study abroad. BAAA's programme is little bit different than in Prague. Focus is hold on soft skills and the programme is more about product design and development.

### Multimedia in economics practice / University of economics and business in Prague

SEPTEMBER 2023 - JULY 2024, PRAGUE

I gain knowledge especially in Marketing, Graphic design, Photography, Math and Management.  
Studies interrupted
