

Bespoke and Custom Designs Aeration Systems

All our water fountains and aerators are available as a custom build, designed exactly for your requirements. We offer a full design, costing and build package for aerators and fountains along with specialist installation if required.

Heathland Service Centre

Everything supplied by our company is maintained and serviced in-house. Items can either be shipped directly back to our service team or if you prefer, we also supply onsite servicing.

Additional Services

We are the preferred Oase Water Treatment Professionals for the UK. Providing specialist treatments for string algae, blue green algae, aquatic weeds, and sediment reduction.

We strive to provide exceptional results for every budget and requirement, backed up by our industry accreditations from BALI, Constructionline, Contractors Health and Safety Assessment Scheme and Safe contractor.

Evolution Series Water Fountains

The Evolution Series water fountains were created with beauty and quality in mind. They have been engineered to the highest of standards. They are ideal for ponds up to 1/2 an acre.

The Evolution Series 2 water fountains produce stunning visual displays.

These water fountains has brought something very different to the market and can be explained in 3 words, quality, quality, quality. The Evolution Series of water fountains will cast out the competition with any visual comparison and will blow them out of the water with its superior quality. the quality of display offered from this water fountain is the same high standard seen in many of our larger display fountains, providing great, heavy weight water displays, reduced costs and near zero maintenance.

Add beautiful LED lighting to any of the displays shown to create a wonderful display that can be appreciated day and night.

These water fountains are available with many features including full control to standard RGBW LED lighting.

Based in Norfolk, we supply all parts of the United Kingdom, allowing us to deliver cost-effective solutions to any client. All our products are available for "supply only" or "supply and installation" across Europe.

Heathland Group is proud to have an extensive client base ranging from aquatic management service providers, schools and universities, local councils, hotels and holiday parks, golf clubs, fisheries and of course many homeowners all over the UK and Europe.
