

SAKRIS[®]

OUR SAFE SPACE – CODE OF CONDUCT

To help everyone feel safe, seen, and comfortable in our space, we value honesty, personal responsibility, and respect. For this, we have created a shared code of conduct:

1. Just as you are, you are welcome.

At SAKRIS[®], we meet each other free from judgment and with mutual respect.

2. Participation is part of the experience.

Mindful Tattooing™ is shaped by your willingness to engage and embrace the process.

3. The STOP rule applies.

Your boundaries – verbal, emotional, or physical – are respected at all times.

4. Everything may be present – nothing is required.

You decide what you share; your space and your choices are respected.

5. No space for violence – in any form.

Words, touch, and actions remain respectful and peaceful.

6. Confidentiality is a matter of honor.

Everything shared within the studio remains protected and confidential.

7. Touch is a gift – never an obligation.

Physical contact happens only with explicit consent.
