

A photograph of a diverse family of three sitting together in a bright, sunlit room. The father, on the left, is smiling and holding a smartphone. The mother, on the right, is also smiling and holding a large brown teddy bear. A young girl sits between them, looking at the phone. The scene conveys a sense of warmth and comfort.

**FEEL THE COMFORT.
KEEP THE SAVINGS.**

Natural gas water heaters, heating systems, and fireplaces can help lower energy cost while keeping your home warm all winter long.

A WGL Company

EFFICIENT HOT WATER THAT'S READY WHEN YOU ARE.

Endless hot water, lower energy bills, and no more waiting. Natural gas water heaters heat faster and recover quicker—so you always have hot water when you need it, from morning showers to evening cleanups.

Today's high-efficiency models may deliver more comfort using less energy, helping you save month after month. And with select Rinnai tankless systems, you can unlock even more savings and performance.

STAY WARM ALL WINTER—WITHOUT HIGH ENERGY BILLS.

Natural gas heating delivers warmth you can feel and savings you can count on. High-efficiency furnaces heat faster, distribute warmth evenly, and use less energy—keeping your home comfortable all season long.

With today's advanced systems, you can get quiet, consistent heat and reliable performance—even on the coldest winter days. It's a smart, efficient way to stay warm without driving up your energy bills.
