EQUIPMENT REBATES FOR WASHINGTON GAS BUSINESS CUSTOMERS

Washington Gas participates in the EmPOWER Maryland initiative - helping businesses, government entities and other commercial customers throughout Maryland reduce their energy consumption and save money on utility bills. As part of the initiative, rebates are available on high-efficiency natural gas equipment. Equipment includes:

- **Boiler Systems**
- **Space Heating**
- **Water Heating**
- **Food Service Equipment**

All projects require pre-approval prior to beginning work. No existing equipment may be removed or altered and no proposed equipment may be purchased and/or installed until a program pre-approval notification has been issued.

All contractors and service providers must be registered to participate in the program.

To apply for a rebate and for full details on eligible equipment and requirements, please visit **WashingtonGasRebates.com/BusinessBill**.

To learn more about EmPOWER Maryland and how you can participate, call us at 1-833-286-0860.

EmPOWER Maryland programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money.
