What Is QSF 360?

QSF 360™ is a complete, online qualified settlement fund escrow service provided by Eastern Point Trust Company. With QSF 360, your firm can establish a QSF, pursuant to §468B, in as little as 1 business day. Better yet, it should only take your firm no longer than 15 minutes to design the QSF utilizing EPTC's online TrustWare™ system.

Once established, Eastern Point Trust Company oversees all QSF escrow administration, cash management, tax preparation, filing and payments, disbursement processing (from disbursements into your IOLTA to Claimant disbursement, if you choose), and even QSF closing. There is no need for you to draft documents, file petitions or go to court.

No advanced experience is needed to design the QSF, which means that your firm's paralegal or administrative personnel may quickly and easily use the system on your firm's behalf.

In short, QSF 360 is qualified settlement funds made easy.

> **Eastern Point's patented QSF escrow creation technology has been trusted by users from across the world to design escrow solutions of all sizes and complexities.**

Patented Technology

TRUSTWARE™

The QSF 360 creation process, which takes your firm only 15 minutes or less, is driven by TrustWare.

Eastern Point's patented QSF escrow creation technology has been trusted by users from across the world to design escrow solutions of all sizes and complexities. By leveraging this patented technology, QSF 360 is the fastest and most cost-efficient service in the industry (see Pricing and Fees).

ONLINE PLATFORM

All of your firm's qualified settlement funds are organized in your dashboard. In one place, your firm can access IRS approvals, QSF documents, and administrative resources for each QSF. Its user-friendly design makes it easy to quickly access documents and create new QSFs. Users have 24/7 online access to all account data including position and transactional data. This online access allows for claimants to have real-time access to all of the QSF records, including but not limited to balances, positions, statements and all transactions.

Online access supports multiple QSFs with a single login, if appropriate. This option allows your firm, with a single login, to see each claimants' sub-account, the balance, and all transactions.

SINGLE & MULTI-CLAIMANT OPTIONS

Eastern Point offers support for both single-claimant and multi-claimant qualified settlement funds pursuant to Regs. § 1.468-1(c)(2).

Benefits include up to $125 million in FDIC coverage (per claimant), industry leading low fees, unmatched patented technology with instant access to transactional activity, documents and reporting, and increased asset safety—providing innovation and compliance.

Our Experience

WHAT WE DO

Eastern Point Trust Company is licensed to provide escrow/fiduciary services with over three decades of fiduciary experience.*

FIDUCIARY EXPERTISE

EPTC's staff is comprised of internationally recognized fiduciary and escrow experts that Federal and State courts regularly rely upon related to expert testimony, administration, and fiduciary matters. As a recognized leader in the industry, EPTC is a neutral QSF administrator who actively works with all attorney fee deferral platforms and carrier structured settlement platforms. EPTC doesn't offer or sell structured settlements.

*Fiduciary and trustee services are only offered and performed in such jurisdictions in which Eastern Point Trust Company is licensed to provide such services and then pursuant solely to the terms of the associated governing documents.

Our diverse expertise and experience consist of:

- ✓ Qualified Settlement Fund administration (QSF 360)
- ✓ Commercial escrow administration & services
- ✓ Reg A, A+, CF, D, S escrow administration & services
- ✓ Cross-border escrow administration & services

For 30 years, the commitment to our company values have shaped our services that focuses on client success first—a reason why our extensive institutional experience continues to grow across the board.

The EPTC Advantage

SAFETY AND SECURITY

Eastern Point provides the safety and security that comes from a licensed provider. Additionally, Eastern Point Trust Company provides the peace of mind that only comes from having an experienced QSF administrator.

COMPLIANT AND RISK AVERSE

With our independent internal and external compliance audit processes, Eastern Point provides an unmatched level of compliance and risk avoidance ensuring adherence to all applicable settlement terms, state, and federal requirements.

With a robust system of checks and balances, along with independent internal and external compliance audit processes, Eastern Point provides an unmatched level of § 1.468B-1 et seq. compliance and risk avoidance that ensures adherence to all relevant court, state, and federal requirements (including the Bank Secrecy Act), which provides our clients with the assurance of continual oversight that most other QSF administrators do not offer.

Eastern Point provides an unmatched level of § 1.468B-1 et seq. compliance and risk avoidance ensuring adherence to all applicable court, state, and federal requirements.

BENEFITS OF AN INDEPENDENT PROVIDER

Eastern Point is independent and offers no competing settlement, legal, or insurance products.

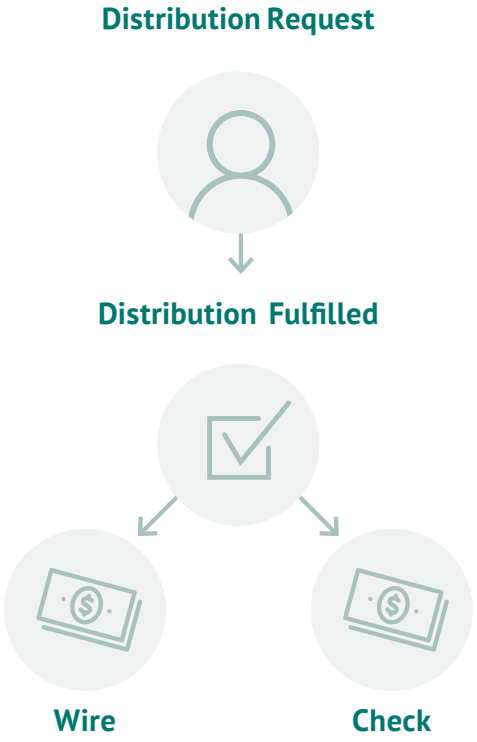

EPTC works with all attorney deferral fee platforms and carrier structured settlement platforms.

LEVERAGE YOUR QSF DURING NEGOTIATIONS

QSF 360 also provides your firm the ability to leverage your negotiations by creating a QSF before filing the case and making the QSF a party to the matter—or create the QSF during or after settlement negotiations. Finally, with QSF 360, qualified settlement funds can be used to your firm's advantage instead of being part of a time consuming and cumbersome process.

EFFICIENT DISTRIBUTION PROCESS

EPTC's patented technology allows it to provide the fastest distribution processing in the industry.

FINANCIAL INTEGRITY

Eastern Point provides support to QSF escrows of all sizes and maintains standing money market accounts with some of the country's biggest and most respected sub-custodians, banks, and financial institution networks with the ability to accommodate QSFs regardless of size.

Eastern Point maintains per event, per client primary, and umbrella coverages for liability, theft or missing funds, E&O, and cybercrime protection.

Bank deposits are FDIC insured to applicable limits.

Additionally, as a non-depository escrow agent, the risk of theft and misuse of funds is inherently lower as all assets are held directly by the respective custodian bank and verified by the respective custodian daily.

This structure provides the benefits of:

- ✓ Eliminating client risk from erosion of Eastern Point Trust Company's financial condition or discontinuing business
- ✓ Eastern Point Trust Company holds no funds as a deposit or comingles client assets with Eastern Point Trust Company assets

LIEN RESOLUTION

Eastern Point Trust Company is pleased to work with any lien resolution firm.

FDIC Insured Cash Accounts

The default QSF escrow holdings for all QSF 360 accounts is "cash" held in an FDIC-insured bank accounts (FDIC limits apply). EPTC offers a proprietary nationwide FDIC banking network to custody the assets and provide FDIC insured protection up to $125 million per claimant.
