Cookie Policy

This policy explains how Tensorleap Ltd. ("Tensorleap" or "we") uses cookies, similar tracking technology, and your related choices. For more information on other ways we collect and use information from you and your use of our website at tensorleap.ai (the "site"), please see our privacy policy at http://tensorleap.ai/privacy-policy.html#privacy (the "privacy policy").

In this cookie policy, we use the term "cookies" to refer to any applicable tracking technologies described herein. Any terms not otherwise defined in this cookie policy shall have the meaning ascribed to them in the privacy policy.

What are cookies and similar technologies?

- **Cookies** are small text files that are stored on your device to help websites and mobile apps remember things about you. Session-based cookies last only while your browser is open and are automatically deleted when you close your browser. Persistent cookies last until you or your browser delete them or until they expire. To learn more about cookies, visit http://www.allaboutcookies.org/.

- **Pixel tags** (also known as web beacons or clear GIFs) are transparent images, iFrames, or JavaScript placed on a website or in marketing emails that are used in order to understand how you interact with such websites or emails.

- **Social media features**, such as the Facebook "like" button, may collect your IP address and which page you are visiting on a website, and may set a cookie to enable the feature to function properly. Your interactions with these features are governed by the privacy policy of the company providing the relevant social media features.

- **Single sign-on** allows you to log in to certain websites or mobile applications using sign-in services provided by third parties, such as Facebook or Google. These services will authenticate your identity and provide you with the option to share certain personal information with us, such as your name and email address, to pre-populate our sign-up form.

- **Ad ID** is a unique number issued to you by an entity that has received your permission to serve you advertisements. The Ad ID allows persons or entities with whom you interact to gather and store information they learn about you in connection with your Ad ID. Most entities that assign you an Ad ID allow you to delete or change it, thereby preventing third parties from collecting information concerning your behavior across multiple sessions.

To learn more about Ad ID and how to change or delete it on Android and Apple, please refer to:

- How to disable personalized ads on Android
- Apple support – limit ad tracking

How do we use cookies?

The cookies we use can be classified into one of the following categories:

Strictly necessary cookies	We use these cookies in order to enable you to use our site's features, such as enabling movement between pages and remembering information you enter on forms. Without these necessary cookies, certain services on our site will not be possible and our site will not perform as smoothly as it should.
Security cookies	We use these cookies to help identify and prevent security risks.
Performance and analytics cookies	We use these cookies to collect information about the use of our site in order to help improve the way it works.
Functionality and preference cookies	We use these cookies to remember the choices you make such as which language you prefer and to provide you with personalized features.
Targeting and advertising cookies	We use these cookies to deliver you with ads when you browse the web that are more relevant to you and your interests, by remembering information such as what you looked at on our Site and to track the performance of these ads.
Social sharing cookies	We use these cookies to allow you to share content directly on the social network/sharing sites, like Facebook, Twitter or Google+ on which you have a user account. Examples would be if you wanted to "like" or "tweet" about a service or product advertised on our website.

What cookies do we use?

Cookie Name	Type	Purpose / Functionality / Policies & Links
Google Analytics	3rd Party	Google provides anonymized data about the visits made to our site. https://policies.google.com/privacy?hl=en&gl=uk
Facebook Analytics	3rd Party	Facebook provides anonymized data about the visits made to our site by Facebook users.
Http referral cookie	1st Party	Tensorleap cookie allowing Tensorleap to operate the Site and provide proper browsing experience.

Your choices

- **Strictly necessary cookies:** because these cookies are essential to operate our site, if you object to them you may not be able to enjoy the full functionality and accessibility of our site.

- **Targeting and advertising cookies:** you can opt out of interest-based targeting provided by participating ad servers through the Network Advertising Initiative or the Digital Advertising Alliance. You may also be able to change your device settings (on iPhone, iPad, or Android) to control whether you see online interest-based ads and thereby prevent multiple-session tracking. You can opt out of third-party tracking technologies by following the instructions provided by each third-party service provider in its privacy policy.

You can learn more about your options by visiting:

- http://www.youradchoices.com/
- http://www.youradchoices.eu/
- https://www.androidguys.com/tips-tools/how-to-disable-personalized-ads-on-android/
- https://support.apple.com/en-il/HT205223

- **Other cookies:** you can follow the instructions provided by your web browser or mobile browser (usually located within the "help", "tools", or "edit" menu) to modify your cookie and Ad ID settings. You can opt out of third-party tracking technologies by following the instructions provided by each third-party service provider in its privacy policy.

On most web browsers, you will find a "help" section on the toolbar, which provides information on how to be notified when you are receiving a new cookie and how to turn cookies off. Please see the links below for guidance on modifying cookie settings on the most popular browsers:

- Internet Explorer
- Mozilla Firefox
- Google Chrome
- Apple Safari
- **Deletion of cookie history:** you can choose to delete your cookie history and opt out of future use of cookies by Tensorleap by emailing us at site@tensorleap.ai. Your request to delete your cookies will take effect within a reasonable timeframe from receipt of your request.

Do not track

We do not currently commit to responding to your browser's "do not track" signals with respect to our site, in part because no common industry standard for "do not track" has been adopted by regulators, including no consistent standard of interpreting a user's intent. We are committed to monitoring developments around "do not track" and the implementation of a standard.

Changes to this cookie policy

We may update this cookie policy from time to time. We encourage you to periodically review this cookie policy to stay informed about our use of cookies, the information we collect via cookies, and any updates in relation thereto. If we make any changes to this cookie policy that significantly impact the way we use cookies, we will endeavor to provide you with notice in advance of such changes by highlighting the change on our site.

Your continued use of our site constitutes your agreement to this cookie policy and any updates.

Contact us
