Description of Services

<p>Governance Design</p>	<p>We specialize in developing and modernizing constitutions, bylaws, and institutional or community frameworks. Our approach ensures that these documents reflect diverse and appropriate knowledge systems, setting a strong foundation for effective governance.</p>
<p>Policy Advisory, Development, and Analysis</p>	<p>Our expertise lies in designing impactful policy instruments, pinpointing key policy concepts, and swiftly identifying gaps and opportunities within existing frameworks. We are committed to driving meaningful change.</p>
<p>Strategic Visioning and Priority Setting</p>	<p>Our experienced team leads collaborative planning sessions that define long-term goals, outline strategic priorities, and establish measurable outcomes, setting you on a path to success.</p>

Description of Services

Community Engagement	We create and facilitate culturally safe consultations, co-design workshops, and dialogue processes that not only build trust but also empower communities to actively participate in their development.
Capacity Building	We offer a variety of training programs for both professionals and community members that aim to enhance leadership skills and operational capabilities.
Negotiations	Our advisory services are here to guide you through best practices, negotiation strategies, and effective community engagement regarding consent and consultation.
Public Relations Support	We excel in crafting compelling press releases and facilitating engaging media interactions that elevate your organization's public presence and enhance communication strategies.

Description of Services

<p>Research Services</p>	<p>We proudly provide a range of qualitative and Indigenous research services that include comprehensive literature reviews, as well as designing and implementing effective data collection tools like surveys and focus groups. Our commitment extends to proposal development and fostering meaningful community engagement. We focus on harmonizing traditional knowledge with academic methods while honoring ownership, consent, and established protocols.</p>
<p>Curriculum Development</p>	<p>We are leaders in designing and developing innovative curricula in essential areas such as lateral violence and kindness, Indigenous rights and self-determination, and the exploration of historic and modern treaties, and more! If you seek to customize curriculum content for your organization, community, or workshops, we have the skills and experience to ensure that your goals are met with excellence.</p>
