

Elevate Patient Care: Profitable Clear Aligner Solutions for Your Practice

Join us for a transformative full-day event designed for dental professionals eager to elevate patient care and meet the growing demand for clear aligner therapy. Learn how to implement a profitable clear aligner program that not only satisfies patient needs but also enhances your practice's bottom line.

LECTURER

Stephanie O'Neill, RDH

Stephanie O'Neill empowers hundreds of dentists and teams by successfully pinpointing and supporting the implementation of immediate and long-term solutions in team communication and performance, profitable hygiene systems, marketing, and delivery of best clinical practices. She believes that an office is most successful when working in unison, are invested in continuous education, and have a willingness to grow.
