

About Us

Connective Skip (powered by Skip) helps you skip to the owning bit with as little as 2% deposit, low rates, and lower fees than LMI.

The deposit has been a barrier to homeownership for too long.

Renting and saving continue to get harder, while property prices keep rising faster than Aussies can save.

A better, fairer way didn't exist. So we built one.

Connective Skip helps you skip years of saving, skip fighting against rising prices, skip buying a home with too many compromises, and skip staying in a place your family has outgrown.

Skip helps upgraders, first home buyers and investors, whether they're purchasing or refinancing.

Home ownership shouldn't depend on deposit size or the bank of mum and dad.
