

PRESS RELEASE

September 1, 2024

The development of Analyzer reflects SigmaSight's broader mission to deliver innovative technologies to power the world's best negotiators: the insurance defense community. By leveraging advanced analytics and machine learning, Analyzer offers insurers a competitive edge in the continuously evolving P&C landscape.

SigmaSight invites insurers and stakeholders to explore Analyzer and discover how this innovative solution can transform their negotiations. For more information or to schedule a demonstration, please visit www.sigmasight.ai or contact us directly.

About SigmaSight

Founded in California, SigmaSight is a tech startup dedicated to providing cutting-edge software solutions tailored for the property and casualty insurance sector. By integrating advanced analytics and technology-driven insights into settlement negotiations, SigmaSight aims to power the world's best negotiators.
