## December Newsletter

### Student of the Month: Knox Jones

- What instrument(s) do you play? I play the trumpet.
- What has been the thing you've learned in lessons that you have enjoyed the most? Improving my range and flexibility.
- Who is your favorite trumpet player? Louis Armstrong.
- What other interests do you have? Studying math and architecture.
- How long have you been playing trumpet? Over 3 years.

### Teacher Spotlight: Dan Lupo

- Where were you born? Plainview, NY (Long Island)
- Where did you go to college? Nassau Community College, on Long Island. I studied upright bass, was treasurer of the music club, and had a 4.0 gpa!
- What do you like to do in your spare time? I love spending time with my wife and daughter. I also enjoy writing and recording music with my band, and working on my music education website.
- Favorite thing about teaching? To me, one of the most rewarding things about teaching is being able to help someone understand something that they thought was complex, and then watching them gain confidence as they slowly grow into a true musician.
- Favorite musician or composer? Well my favorite overall composer is Beethoven, specifically his symphonies, however Chopin writes the best piano music. More modern, I really like Vulfpeck a lot, but their older music more than their newer stuff.
