A VISION FOR THE FUTURE

Vaal River City is an integrated mixed-use city development designed to create a thriving and sustainable community along the scenic Vaal River. Committed to the economic stimulation of the region, our visionary city development presents a unique opportunity for forward-thinking investors. Combining modern infrastructure, sustainable design, and a thriving commercial hub, this development is set to become a premier destination for business, leisure, learning and comfortable living.

Strategically located to maximise economic growth, tourism potential, and urban convenience, Vaal River City offers a dynamic investment landscape into one of South Africa's most preferred regions.

Join us in shaping a vibrant and prosperous cultural community, where investors, business owners, residents and learners can connect and belong.

MASTER PLAN

Vaal River City presents a prime investment opportunity with a well balanced mix of residential, retail, commercial, and industrial spaces. With its strategic location alongside the Vaal River, newly installed infrastructure, and strong economic incentives, the city is set to become a dynamic hub to connect business, education and secure lifestyle needs.

Vaal River City Sites

Vaal River City is a master-planned development featuring a diverse range of sites tailored for residential, commercial, industrial, and civic purposes. Designed to foster economic growth, innovation,

and community living, each site is strategically positioned to maximise accessibility, sustainability, and long term value.

From premium waterfront residences and vibrant retail spaces to state-of-the-art industrial zones and cultural landmarks, Vaal River City offers a dynamic environment where businesses thrive, families

flourish, and communities connect. Whether you're looking to invest, establish, or reside, Vaal River City presents an unparalleled opportunity to be part of a transformative urban experience.

An architectural rendering of a modern urban development along a river at sunset. The scene features a curved promenade with people walking, outdoor seating, and lush landscaping including palm trees and various shrubs. Modern buildings with large glass windows and tiled roofs line the riverbank. The sky is filled with soft, golden light from the setting sun.

THE FUTURE OF THE VAAL.

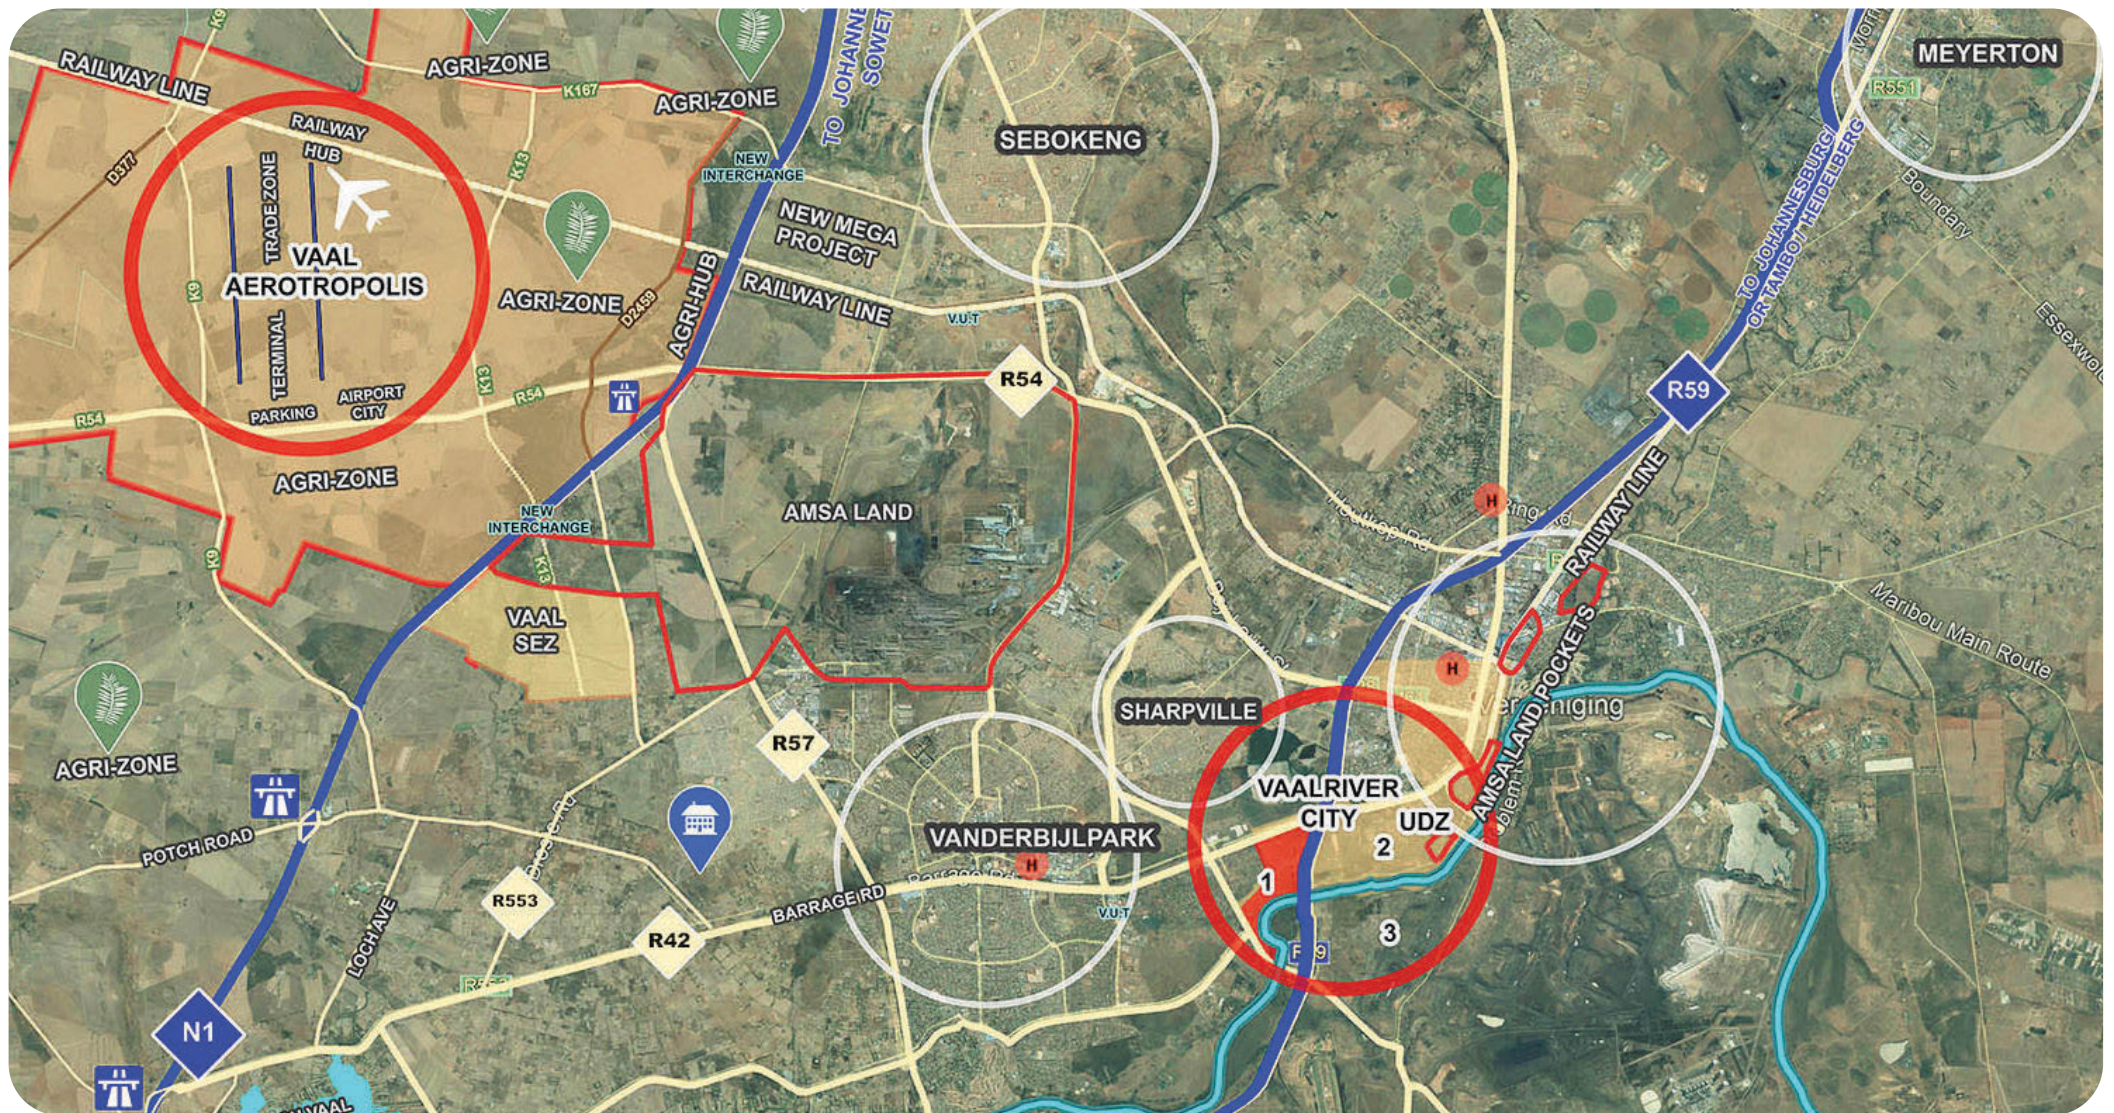

CITY MAP

LOCALITY

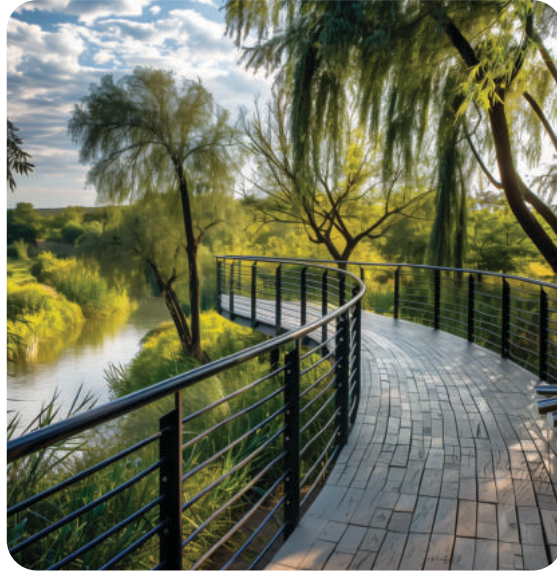

A COHESIVE AND INSPIRED URBAN IDENTITY

Vaal River City is designed with a distinct architectural language that harmonises modern aesthetics with functional, eco-friendly urban planning. Rooted in sustainability, innovation, and a deep connection to its natural surroundings, Vaal River City's design philosophy fosters a seamless blend of residential, commercial, retail, industrial and communal public spaces.

Drawing inspiration from contemporary cityscapes and waterfront living, the architectural city vision emphasises clean lines, open spaces, and energy-efficient designs. A consistent material palette, dynamic facades, and integrated green spaces ensure a visually striking yet timeless environment. Every structure is crafted to enhance community connection, optimise natural eco-usage, in order to create vibrant atmospheres that redefines urban living where everyone belongs.

A CATALYST FOR SUSTAINABLE GROWTH

Vaal River City is set to drive economic prosperity through job creation, revenue growth, and increased investment appeal by fostering a diversified economy, enhancing property values, and attracting talent. This city development is positioned to uplift the entire region.

POSITIVE ECONOMIC IMPLICATIONS

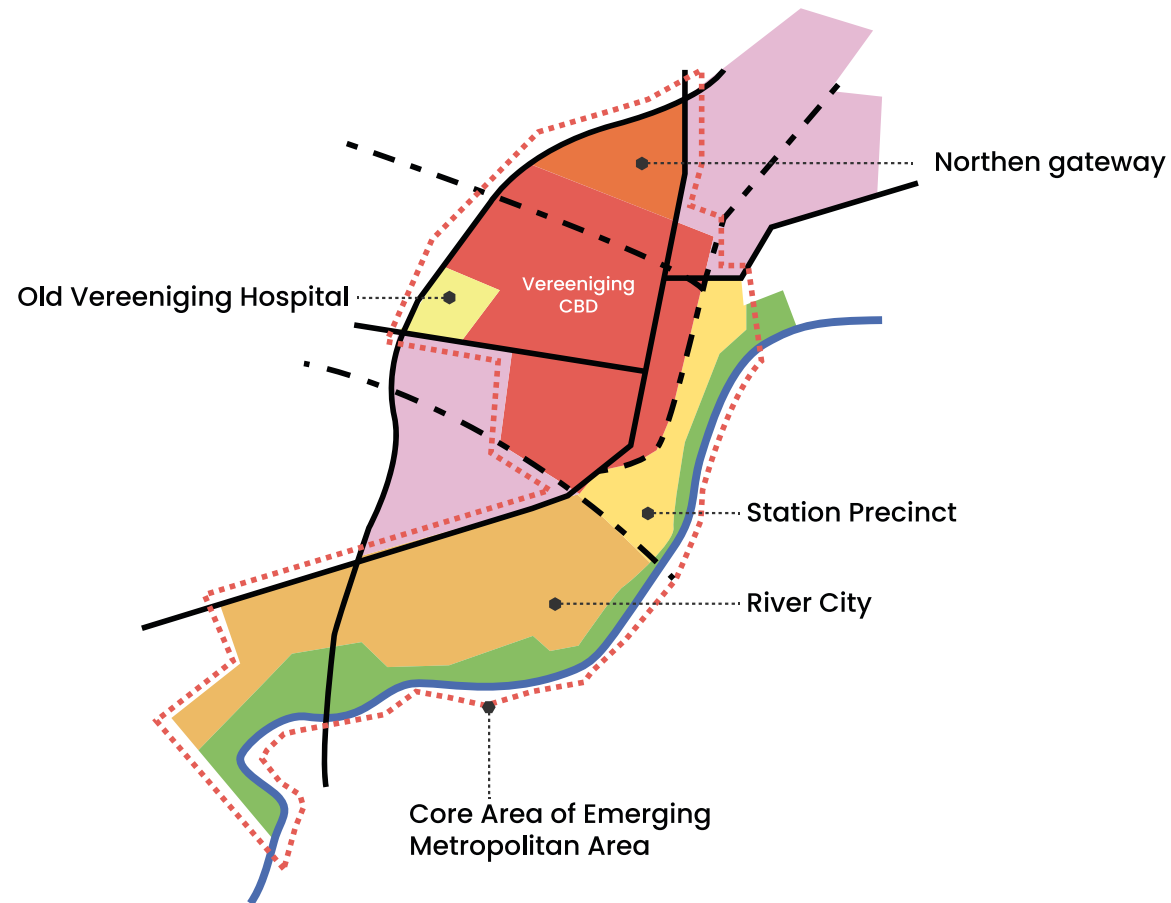

- ◆ Job creation
- ◆ Economic stimulation
- ◆ Revenue growth (both public & private sector)
- ◆ Diversification of economic activities
- ◆ Property value appreciation
- ◆ Attraction of talent and investment
- ◆ Enhanced tourism potential
- ◆ Sustainable community development
- ◆ Thriving student community/facility

A THRIVING CITY

Vaal River City is committed to overcoming infrastructure, environmental, and community challenges with smart town planning, innovative design-thinking practices and proactive stakeholder and community engagements. Our vision is to build a city that thrives on self-sustaining solutions once the spaces are developed.

EMFULENI SPATIAL DEVELOPMENT FRAMEWORK

Proposed Vereeniging CBD Intervention

An endeavor to renew traditional CBD's and attract private sector investments back to traditional CBDs (such as the Vereeniging CBD) was initiated by the National Department of Finance through its Urban Development Zone (UDZ) initiative, which incentivizes private sector investments in traditional CBDs. The Vereeniging CBD was demarcated an Urban Development Zone.
