

Navigating Your Benefits Has Never Been Easier

Introducing TouchCare—Your New Benefits Advocate

National EAP (NEAP) is joining forces with TouchCare to bring you even more support and optimize your benefits experience. TouchCare is the premier health advocacy service that saves members time, money, and hassle.

Through this collaboration, you'll have access to **white-glove advocacy, benefits education, and cost-saving guidance**—all designed to simplify healthcare, maximize benefit usage, and save your organization and employees time and money.

TouchCare Provides:

Personalized Benefits Advocacy

Expert Health Assistants guide your employees through complex healthcare decisions, from understanding plan options to resolving billing issues.

Benefits Education & Navigation

Easy-to-understand explanations of coverage, plan comparisons, and provider searches—empowering your workforce to make informed choices.

Cost-Saving Strategies

Proactive support that identifies lower-cost options for procedures, prescriptions, and providers—saving both employees and employers money.

No Direct Cost to Employees

Employees receive expert support without added costs, increasing utilization while relieving pressure on HR and leadership teams.
