Why build with us?

Affordable building solutions without compromising quality

With a wealth of hands-on experience, Modify is dedicated to delivering the best modular and portable solutions to satisfied customers across Australia.

We take great joy in collaborating with our clients, attentively listening to their requirements and making sure they're happy with the results.

From humble beginnings

Luke Angel and Marcus Rayner worked together at Kanmantoo Copper Mine in 2013.

“We had a vision to join forces and build a great business where we could apply our skills and experience, out of this vision Modify was born”

10 Year Structural
& Workmanship
Guarantee

Why choose Modify?

Experience

With over 20 years of experience in the construction business, we know our stuff. You can rely on our experience as a registered Master Builder Association member.

Affordable Options

Choose from a number of options to suit your building requirements and budget.

Complete Project Management

We take care of absolutely everything, from gathering information for submitting Council applications, to organising your delivery, we can arrange all transport and placement on site.

Local Specialists

We employ local qualified trades, ensuring quality and compliance for Australian Standards and Australian conditions.

Custom Buildings

Although we provide floor plans and design concepts, our team can cater to any variation of building in size, configuration and fit-out. This includes the capacity to join our buildings for larger configurations.

Quality Products

All of the products and materials we use have been carefully selected to provide the best value for your investment and sourced from local suppliers.

Family Business

We are a family business, with strong family values. Your building will be given the same care and attention as if it were one of our own family members.

Ease of Connection

We design your building so that your installation is as close to 'plug and play' as it can be.

Production

Our buildings are made to order at our site in Murray Bridge and can be built faster than a conventional building.
