

BURIED BUT STILL THIRSTY

Oct 27

BEET ME RED

Blood-red beet tartare that looks dirty but goes down clean — capers, harissa heat, and a crisp as dark as your ex's soul

LICK MY TRUFFIPOP

Pumpkin balls on a stick — cheesy, truffled, and ready to lick

I'D UNSHELL FOR U

A tender scallop kissed by fire, smeared with carrot purée and a naughty tapenade touch

RAW & WILD

Hand-chopped elk spiced with juniper & mustard on a black crisp, dripping pepper aioli and wearing nothing but red

CHOKED & SMOKED

This salmon likes it rough — beet-cured, smoked, slapped with blood orange, and tickled by fennel and black sesame

PENETRATE MY PATE

Chicken liver mousse on apple tart... because foreplay needed props. Cranberry runs, walnuts stare

SPREAD EM, U KNOW U WANT TO

Mushroom pâté next to dark crisps with onions that are more of a top than a bottom and a balsamic finish that lingers

STUFFED DUCKKY STYLE

Duck confit stuffed tight in phyllo, black kale & sage slipping inside, and pomegranate molasses dripping everywhere

BONE ME MARROW DEEP

This isn't medium rare, it's barely legal — bison with marrow butter, parsnip spread wide, red wine jus all over

PUMPKIN CREAM ORGY

This panna cotta doesn't play solo — it gets slathered in brown butter caramel with hot pecans, and a dark tuile
