## Director's Corner

Love is in the air! How do we show love to others? How do we know we are loved? As parents, our actions towards our kids show them how to treat others. By making sure we are expressing acts of love to not only our family but others, we are teaching our children to do the same. With Valentine's Day approaching, here are some ways to show love not only on that day, but everyday:

1. Cuddles/Physical Touch
2. Share the Love of Reading
3. Discipline with Love
4. Family Time
5. Good Sleep Habits/Health & Safety
6. Choose Words with Care/Please & Thank You
7. Forgive Mistakes
8. Cook Together/Family Meals
9. Foster Friendships
10. Heart-to-Heart Conversations/Listen to What They Say
11. Tell Them You Love Them
