SEWP OVERVIEW

NASA SEWP (Solutions for Enterprise-Wide Procurement, pronounced "soup") provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space.

Originally, the vehicle provided only technology products for NASA and other agencies. SEWP has continually evolved over the past 30 years, expanding its scope to meet the requests of its customers. The program is self-funded through usage fees (0.34%) and provides all Federal agencies with acquisition support — more than 50,000 orders a year.

FAIR OPPORTUNITY

Contract Holders are provided a fair opportunity at the individual order level as appropriate per FAR 16.505(b), including through the SEWP RFQ tools. No documentation for the order selection is required to be submitted with the order; all such documentation is maintained by the issuing procurement office.

The SEWP online Quote Request Tool (QRT) is the recommended method to support fair opportunity and the required decision documentation.

About Blue Ivy Partners

Blue Ivy Partners is a Service-Disabled Veteran-Owned Small Business (SDVOSB) founded in 2016, serving as a federal sales force for technology solutions supporting Defense and National Security agencies.

WHAT'S IN SCOPE FOR SEWP VI

SEWP provides a broad suite of ITC/AV solutions and services. Because technology is ever-evolving, SEWP's processes enable Contract Holders to add new commercial technology and IT services to their contracts daily, as requested by customers. SEWP VI contracts were awarded across three scope categories; Blue Ivy Partners holds Category A and Category C. To confirm a requirement is in scope, send an overview and/or bill of materials (BOM) to help@sewp.nasa.gov for review.

ORDERING PROCESS

Each Agency's internal ordering process varies. The process and forms for Purchase Requests (PR) and Delivery Orders (DO) issued against a SEWP contract are defined by the issuing Agency, not the NASA SEWP Program Management Office (PMO).

Note: The NASA SEWP PMO does not issue DOs — they must be issued through the issuing Agency's procurement office. If modifications are made to any order, those modifications must also route through the SEWP PMO.

Any valid Federal Agency DO form may be used. Some Agencies have special requirements for IT Delivery Orders; issuing Contracting Officers (COs/KOs) are responsible for knowing Agency-specific policies. SEWP does not require use of intermediary procurement offices, except as directed by internal Agency policy.

REQUESTING A QUOTE

- ◆ Submit RFQs through the NASA SEWP online quoting system, or email sewp@blueivypartners.com.
- ◆ Blue Ivy quotes only items listed on our SEWP contract, at prices no greater than the SEWP database of record at the time of quote.
- ◆ Every quote states how long it is valid, and Blue Ivy honors any order submitted within that period.

MARKET RESEARCH & RFIS

- ◆ For RFIs issued as market research, items not yet on our contract may be included only if clearly marked as such and submitted for technology refresh.
- ◆ Unless an RFQ allows partial quotes, Contract Holders must respond fully to all requirements — or submit a No Bid.
