

# Local Government Services at UHY

## Why Choose Us?

At UHY, our journey with local government is one of partnership, insight, and impact. We don't just provide services—we become part of the solution. Across Australia, councils have trusted us to help them navigate the complexities of governance, finance, and strategic planning.

## Local Government – We worked with hundreds of Councils

Our work begins with **understanding**. We tailor our approach to each council's unique needs.

- We've walked alongside elected members, offering training that empowers them to lead with confidence and clarity.
- We've supported finance teams with hands-on mentoring, helping them build robust budgets, reconcile assets, and prepare accurate financial statements.
- When councils face major decisions—like infrastructure investments or service delivery changes—we provide the assurance they need through prudential reviews, internal audits, and risk assessments.
- Our expertise in rating reviews and modelling ensures fairness and transparency in revenue generation, while our policy and procedure reviews strengthen governance and internal controls.
