

Local Government Consulting

The Issue

Local Government operates in a dynamic environment shaped by legislative change, community expectations, financial pressures, and evolving service demands. Councils are expected to deliver more with fewer resources, while maintaining transparency, accountability, and strategic focus. Navigating these challenges requires not just technical expertise, but also a deep understanding of the sector's unique context and constraints.

What we do for you

We specialise in working with Local Government. Our consulting services are grounded in practical experience, sector insight, and a collaborative approach that respects the complexity of Council operations.

We can help you by:

- a. Providing independent advice on financial management, governance, and operational improvement.
- b. Supporting strategic planning, service reviews, and organisational change initiatives.
- c. Assisting with compliance, risk management, and internal control frameworks.
- d. Facilitating workshops, stakeholder engagement, and decision-making processes.
- e. Offering tailored support for specific projects, challenges, or opportunities.

Every Council is different, but the challenges are often shared. At UHY, we bring a trusted, experienced perspective to help you navigate complexity and deliver results.

The Benefits
