

# NOGGING BRACKETS

M68, M69, M78, M79

Leaders in Innovative  
Building Products

## PRODUCT DESCRIPTION

Studco Nogging Brackets are the simple and easy way to quickly install timber noggings in steel stud walls. High strength nogging brackets are fixed to the flange of wall studs and timber noggings can be fixed through the rear of the bracket.

Studco Nogging Brackets have an ultra slim design with wide fixing flanges to allow for timber length variation.

## FEATURES

- Made from Bluescope Galvanised steel.
- Nogging Brackets come pre-punched for expedited installation.
- Suitable for 18mm plywood and 35mm pine studs.

## INSTALLATION

- See Steel Stud Systems – Components and Installation Guide – Electrical & Plumbing Services sections in Wall & Ceiling Design & Installation Manual.

## APPLICATION

Noggings, nogging tracks and nogging brackets can be used in a variety of applications including Chase walls, electrical and plumbing installations, internal and external wall systems.

## PRODUCT RANGE
