

FURRING CHANNEL PERIMETER TRACK

M40, M42

STUDCO
BUILDING SYSTEMS

 Leaders in Innovative
 Building Products

PRODUCT DESCRIPTION

Studco Furring Channel Perimeter Tracks are fixed to walls to support end of furring channels or battens. They support wall and ceiling framing by providing a strong connection. Made in Australia, they can be cut to size on site for more accurate installations and are quick and easy to install.

FEATURES

- Made from high-quality, Australian made steel.
- Can be cut to size on site for accurate installation.
- Available in 28mm and 16mm widths.

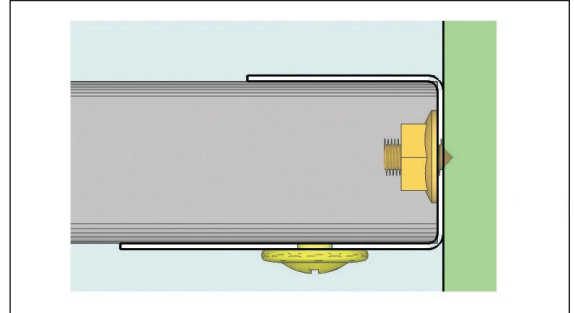

APPLICATION

Furring Channel Perimeter Track can be used within Curved and Raked Ceiling and Staggered Stud Wall applications.

INSTALLATION

- Please see Installation Guide – Curved & raked Ceilings section Wall & Ceiling Design & Installation Manual.
- Please see Installation Guide – Staggered Stud Walls section of Wall & Ceiling Design & Installation Manual.
