PRODUCT DESCRIPTION

Studco Furring Channel Direct Fix Clips provide an easy and effective way to secure furring channels for direct fixing. Studco's Furring Channel Direct Fix Wall clips can be used when no adjustment is required. They can be used in conjunction with M29 and M308 Furring Channels and used within Battened Wall systems.

FEATURES

- M237 is a direct mounting bracket for furring channels.
- M239 Furring Channel Direct Fix Wall Clip Threaded available with Tru Bolt (M239BA).
- M26, M94 and M81 clips include cut outs to enable quick and easy anchoring.
- Tru Bolt inclusion allows for direct fixing without using Primary Channel.
- Manufactured in Australia, using high quality Australian steel.

INSTALLATION

- See Installation Guide – Direct Fix Ceilings and Walls section of Wall & Ceiling Design & Installation Manual.

APPLICATION

Furring Channel Direct Fix Clips can be used within Concealed Direct Fix Ceiling and Battened Wall applications.
