

Product Datasheet

Description

Adding a new dimension to the internal perimeter of square-set interiors, EzyPelmet® is a two-piece steel pelmet system that makes window blinds disappear, cleverly conceals feature lighting and opens vast panoramas before your eyes. EzyPelmet offers a simple and discrete transition between the interior ceiling and external windows, curtain wall facades or the building structure.

The two-piece, pre-finished steel construction of EzyPelmet makes installation simple, compared to traditional pelmet systems that require time consuming construction methods.

Features

- Contemporary, clearview design.
- Flush-finish edge for square-set interiors.
- Completely concealed fixings.
- Does not require fixing from the top.
- Install from below after ceiling.
- Fastest method for creating window pelmets.
- Suitable for blinds, curtain, lights & more.

Specification Detail

PART NO.	DESCRIPTION	LENGTH	
EP150W-30	EzyPelmet 150mm x 0.8mm - White	3000mm	(Custom Sizes Available)
EPT40W-30	EzyPelmet Wall Track - White	3000mm	(Custom Sizes Available)
EP150Z-30	EzyPelmet 150mm x 0.8mm - Zinc	3000mm	(Custom Sizes Available)
EPT40Z-30	EzyPelmet Wall Track - Zinc	3000mm	(Custom Sizes Available)
EP15003W	EzyPelmet End Cap - White		
EP15003Z	EzyPelmet End Cap - Zinc		
EP15004	EzyPelmet Main Joiner		
EP15005	EzyPelmet Wall Track Joiner
