Inwood, NY | (516) 503-6922 | Rhiannon.Super@gmail.com | rhiannonsuper.com

PRODUCT DESIGNER | UI/UX

I'm Rhiannon (Rhi) Super, a product designer with experience leading MVP development, conducting user research, and translating insights into intuitive UI/UX solutions. I have a background in multimedia design and computer science, with a focus on interaction design and cross-functional collaboration.

EXPERIENCE

Adjunct Professor, New York University, Brooklyn, NY Aug. 2023 – Present

- Teaching design thinking, lean startup methodology, and product development to 120+ students per semester.
- Mentoring students in UX/UI, prototyping, and problem-solving through hands-on project work.
- Leading cross-functional collaboration exercises simulating real-world product design workflows.
- Managing 10+ teaching assistants to ensure consistent delivery of course material and student support.

Head of Product Design, Pupil, New York, NY Jan. 2023 – Jun. 2025

- Led design efforts for an MVP product, guiding a team of designers from concept through launch readiness.
- Created wireframes, user flows, and high-fidelity prototypes in Figma to define core product experiences.
- Conducted user interviews to identify pain points and inform feature prioritization and usability improvements.
- Collaborated with engineers to translate designs into a functional application, reducing handoff friction.

Multimedia Designer, Lawrence Senior High School, Cedarhurst, NY Oct. 2015 – Feb. 2022

- Designed visual assets including digital media, promotional materials, and motion graphics for productions.
- Developed a projection-based system to replace physical stage backdrops, reducing production costs and increasing creative flexibility.

PROJECTS

UX Research, Eclipse Soundscapes (NASA), Brooklyn, NY Sept. 2022 – Nov. 2022

- Conducted user interviews and usability research for a public-facing web experience.
- Identified key barriers for users aged 55+ and proposed design improvements to enhance readability, navigation, and inclusivity.
- Synthesized research findings into actionable insights to inform design decisions.

ADDITIONAL ACTIVITIES

Executive Assistant, DK Productions, Inwood, NY Dec. 2019 – Aug. 2022

- Coordinated events and managed communication between local businesses, artists, and stakeholders.
- Supported marketing and promotional efforts for small businesses and community events.

SKILLS

Design – Figma, Sketch, Adobe Creative Suite, Prototyping, Wireframing, Interaction Design

UX – User Research, Usability Testing, User Flows, Information Architecture, Design Thinking

Technical – HTML, CSS, JavaScript, Python

Other – Cross-functional Collaboration, Communication, Problem Solving

EDUCATION

New York University - Tandon School of Engineering, New York, NY

Sept. 2019 – May 2023

Bachelor of Science in Integrated Digital Media

Minor in Computer Science (CS)

Overall GPA: 3.7
