

Half-Day School Readiness Program

If school feels too soon, we offer a path that's just right for your autistic child. Because 'ready for school' isn't a one-size-fits-all.

At Gracent Pediatric Therapy's school readiness program for ages 2-6, your child receives personalized, 1:1 clinical support, even during group learning, so they can feel confident, connected, and truly ready for school.

9:00 AM	Circle Time
9:30 AM	Sensory Activities
