

The Program Operations Scorecard

Rate your program 1 (rough) to 5 (rock solid) in each category. Add them up. Then decide if leadership needs to see this.

ENROLLMENT

Are applications standardized and consistent across every grower?

1	2	3	4	5
---	---	---	---	---

DATA COLLECTION

Is grower data structured, field-level, and reusable, not scattered across spreadsheets?

1	2	3	4	5
---	---	---	---	---

VERIFICATION

Is every claim backed by geotagged, timestamped evidence?

1	2	3	4	5
---	---	---	---	---

REPORTING

Can you produce a funder-ready report in under a day?

1	2	3	4	5
---	---	---	---	---

Your total: _____ / 20

17-20

Audit-ready. Your program is close to the Farm Data Passport standard. One clean record, many uses.

11-16

Functional, but fragile. Works until someone asks a hard question.

4-10

At risk. This is worth a conversation with leadership before the next funding cycle.
