LIMITED-EDITION LIVING

LIVE OCEANFRONT & CENTRE

Introducing the only EDITION in the world with its own private beach. An extension of the Dubai Beach EDITION hotel, The Residences offer the rare experience of living in a resort. The Residences at the Dubai Beach EDITION bring together EDITION's signature design sensibility and cultural depth, in a truly private and distinctive setting. Located between the waterfronts of Dubai Harbour and its own private beach, The Residences offer refined living in the resort within the vibrant rhythm of modern Dubai.

LIFE IN PERFECT VIEW

The Residences at The Dubai Beach EDITION comprise four low-rise towers totalling 165 luxurious full-service 2-to-4-bedroom homes from 134 to 223 square metres, with ceiling heights ranging from 3 to 4 metres.

With The Dubai Beach EDITION and Residences, Architectural Digest AD100 Hall of Fame interior design firm Rockwell Group continue their legacy of immersive brand design having previously designed The New York EDITION and The Riviera Maya EDITION at Kanai.

The Residences at The Dubai Beach EDITION is the only EDITION in the world with its own private beach.

Optimally situated at the Dubai Harbour, each tower totals a height of only 50 metres, climbing across 9 floors with a radial form designed to optimise privacy, promoting natural light and panoramic views to the adjacent beach, yacht club, and the harbour.

Generous ground floor residences enjoy private landscaped gardens with plunge pools, while half-floor top-floor penthouses enjoy wraparound private landscaped terraces, and 16 meter length private pools.

The Dubai Beach EDITION resort-hotel features 189 guest rooms and suites offering sophisticated personalised service across a diverse curation of day life to nightlife events, cultural activations and restorative amenities. The hospitality-infused residences are managed and expertly operated by EDITION.

Designed by Pritzker Prize-winning architecture practice RSHP, the family of four pavilion-style towers takes influence from EDITION's design signatures and intelligently balances transitions of seamless indoor to outdoor living with a form responsive to the climate and as a statement of world-class design elegance.

Distinct architectural features include elegant full-height panoramic glazing, graceful, landscaped setbacks spiralling up the tower, and a resilient exterior of natural timber and stone cladding and anodised metal finishes.

With The Dubai Beach EDITION and Residences, Architectural Digest AD100 Hall of Fame interior design firm Rockwell Group continue their legacy of immersive brand design having previously designed The New York EDITION and The Riviera Maya EDITION at Kanai.

The location's unique natural character and architectural design is enhanced through superior lateral and vertical landscape design, curated to frame a curated narrative of social and private day life and nightlife amenities and beach club.

In close proximity to The Dubai Beach EDITION will be a newly constructed bridge enabling direct and free flowing vehicle access to and from Sheikh Zayed Road, with effortless access to Dubai's districts and destinations, including world-famous attractions such as the Burj Al Arab and Ain Dubai.

ELEGANCE WITH A UNIQUE EDGE

Conceived by Ian Schrager in partnership with Marriott International, EDITION redefined hospitality by blending boutique intimacy, refined design, and cultural resonance with exceptional quality and heartfelt service. Every EDITION property is designed to give guests a curated taste of the locale, to deliver a highly personal and memorable experience.

A COAST OF YOUR OWN

The Residences at The Dubai Beach EDITION are graciously scaled and meticulously appointed, featuring floor-to-ceiling windows that showcase breathtaking sunrise-to-sunset views. Thoughtfully curated interiors, high-end appliances, and state-of-the-art technology create a seamless blend of luxury and comfort.
