

COOKIE POLICY

Ular Farming Enterprise ("we", "us", "our")

A Ukrainian company that owns the website <https://www.wellia.com.ua> (the "Website") and cares about your privacy.

As at the date of approval of this Policy, the Website uses strictly necessary (technical) cookies only, without which the Website cannot operate correctly. Statistical (analytical) and marketing cookies are NOT currently used. Should we introduce them in the future, we will add a consent banner and update this Policy before any such use begins (see the "Future changes" section).

In this Cookie Policy (the "Policy") we explain why, how and when we use cookies on the Website. For more information on the processing of personal data, please see our Privacy Policy, of which this Policy forms part.

What cookies are

Cookies are small text files that websites store in your browser or on your device in order to remember your settings and actions. Depending on who places them, cookies are divided into:

- **first-party cookies:** placed by the website you are visiting;
- **third-party cookies:** placed by domains other than the Website (for example, by the hosting platform).

Depending on their lifespan, cookies may be:

- **session cookies:** active until you close your browser;
- **persistent cookies:** stored until their set expiry date or until you delete them.

Which cookies we currently use

Strictly necessary (technical) cookies

This is the only category of cookies that we actively use at present. They allow the Website to function correctly: they enable basic navigation, connection security and the operation of the technical platform hosting the Website. Without them, the Website may not work properly.

Legal basis: our legitimate interest in ensuring the operability and security of the Website (Article 11 of the Law of Ukraine "On Personal Data Protection"). User consent is not required for strictly necessary cookies, since the Website cannot function without them.

Categories we do NOT use at present

We deliberately do not place the following on the Website:

- **statistical (analytical) cookies** — for example, services such as Google Analytics used to analyse Website traffic;
- **targeting (marketing) cookies** — used to display advertising or to track visitors' interests on third-party resources.

Accordingly, these categories do not currently require your separate consent — it is simply not requested, because such cookies are not placed.

Future changes

If we decide to introduce statistical or marketing cookies, we will: (1) update this Policy in advance, describing the new categories, providers and retention periods; (2) place a prior-consent banner (cookie banner) on the Website allowing you to accept or reject non-essential categories; and (3) not activate such cookies until we have obtained your consent, where consent is required by law.

Managing cookies

Most web browsers accept cookies by default; however, you can configure your browser to block or delete them. Please note that blocking strictly necessary cookies may affect the correct operation of the Website.

Some browsers also collect so-called "fingerprint data" in accordance with their own practices and policies. We do not process such data and are not responsible for its collection or processing.

This Policy does NOT apply to cookies placed by third parties when you follow links from our Website to other websites (for example, social media pages).

Policy updates and contact details

We may update this Policy from time to time, in particular in connection with changes to the functionality of the Website (see the "Future changes" section), changes in legal requirements or in our practices. The updated version is published on the Website and takes effect from the moment of publication. We recommend that you review this Policy periodically.

If you have any questions about this Policy or about the processing of your data, you may contact us:
