

Apartment V5.1

Fully exterior, living room facing Casa Comalat with direct access to a large terrace: private pool, summer dining area, and a generous chill-out space looking out over Paseo de Gràcia and Tibidabo. Flexible layout: three bedrooms, or one open-plan living area. A private interior light well, a Còrsega Residences signature, floods this apartment with natural light and lets you cross-ventilate through floor-to-ceiling windows.
