REPORT SUMMARY

Introduction

Rehabilitation For Wisconsin, Inc. (RFW) maintains a comprehensive database of roadside facility traffic counts and water usage as part of their program management services for the Wisconsin Department of Transportation Rest Area Maintenance Program. The data collected is used for various purposes including comparing traffic volume to site maintenance costs, adjusting work schedules to accommodate site use, analyzing budgets, and evaluating facility construction needs. This report is organized into the following sections:

Water Comparison Report: 2010/2009/2008/2007

Traffic Comparison Report: 2010/2009/2008/2007

Traffic vs. FY 2010 Budget Report

Traffic Count/Water Usage by County Summary

"Water Comparison Report" Summary

The "Water Comparison Report" shows the average water usage per month for each year-round rest area site from 2007 to 2010. Overall, water usage for 2010 averaged 65,546 gallons per month per site. This is higher than 2009, which averaged 63,332 per month per site. Between 2009 and 2010, the following individual sites experienced an increase in water usage greater than 15%:

County	Site name	% Change Between 2010 vs. 2009
Columbia	RA 11	574.66%
Jefferson	RA 13	24.96%
LaCrosse	RA 15	24.15%
Jackson	RA 53	23.75%
Iron	RA 103	16.81%
Juneau	RA 10	15.57%

Potential explanations:

- Columbia RA 11 new building opened November 2009 and Columbia RA 12 Opened in January 2010.
- Well issues at Jefferson County RA 13. Had to chlorinate the wells and run lots of water for hours and days to flush the system.
- Well cleansing at LaCrosse RA 15 in June 2010.
- Traffic increased during 2010 at Jackson County RA 53.
- Traffic increased 2010 at Iron County RA 103.
- Excessive watering of flowers at Juneau County RA 10.

The following sites experienced a decrease greater than 15% in water use.

County	Site name	% Change Between 2010 vs. 2009
Manitowoc	W-4	-30.08%
Kenosha	RA 26	-24.55%
Dunn	RA 62	-24.04%
Walworth	RA 35	-20.87%
Dunn	RA 61	-17.95%

Potential explanations:

- Landscape watering was not needed last summer due to rainfall at Manitowoc County Lake Shore (W-4) wayside.

- Kenosha County RA 26 was closed from mid-April through June due to highway construction.
- Dunn County RA 61 was closed for a week in June for parking lot repairs. The grounds and flowers did not need as much watering as in previous years.
- The water fountains at Walworth County RA 35 were not functioning in July and part of August until they were replaced.

"Traffic Comparison Report" Summary

The "Traffic Comparison Report" compares the Average Daily Traffic (ADT) for Calendar Years 2007 to 2010 for sites with permanent traffic counters (only located at year-round facilities). The average daily traffic in 2010 was 625 cars per-site per-day or an average of 1,563 people per-site per-day. Overall, the ADT in 2010 was lower than 2009 by 3%--which is an average of 18 less cars per-site per-day and an average of 45 less people per-site per-day.

The sites below experienced a ten percent increase or more in ADT in 2010 vs. 2009.

<u>County</u>	<u>Site name</u>	<u>% Change Between 2010 vs. 2009</u>
Iron	RA 103	18.40%
Dunn	RA 61	14.11%

The sites below experienced greater than ten percent decrease in ADT in 2010 vs. 2009.

<u>County</u>	<u>Site name</u>	<u>% Change Between 2010 vs. 2009</u>
Kenosha	RA 26	-41.17%
Jefferson	RA 14	-14.09%

Potential explanations:

- The southbound ramp at Kenosha County rest area closed in mid-April. Traffic was re-routed. The site was closed to the public due to highway construction during the months of May and June which are months with high traffic volume. Traffic data for those months include construction and site crews only. The ADT in 2008 for May through August was 1,469 which is an average of 2,938 people.
- Highway construction at the zoo interchange and on I-94 from the state line to Milwaukee County could potentially account for the decrease in traffic at Jefferson County RA 14.
- Traffic counters have not been installed at Columbia RAs 11 & 12 since new construction. Traffic counters are expected to be installed in spring of 2011.

Traffic vs. Budget Cost Comparison

The traffic and budget cost comparison report is a reference tool that has proved to be useful to WisDOT and RFW. The report lists the current year's AADT and the current operating budget for custodial care and landscape maintenance services by the maintenance service provider for each site. The budgeted costs are based on the State's fiscal year of July 1 – June 30. The Rest Area Maintenance Program has eleven (11) pairs of rest areas and nine (8) single rest areas. The paired sites have an operational advantage because they are close in proximity to each other and thus may gain certain efficiencies in personnel and equipment. Also included in the operating budgets are "Special Vendor Services" for professional vendors to perform trash pickup, HVAC, electrical, plumbing or septic services, etc. The needs for Special Vendor Services vary greatly from site to site.

The comparison report is separated into two sections: sorted by traffic volume and sorted by budget. The report also provides a cost per vehicle rate based on the custodial care and landscape maintenance services budget.

"Traffic Count/Water Usage Report" Summary

The attached "Traffic Count / Water Usage" report is organized by county, then by site. Each site section lists traffic counts and water data (if applicable) and amenities. The report includes traffic or water notes if pertinent. Occasional problems with the traffic counter equipment is noted; frequent equipment problems may cause the data to be distorted slightly and may help to explain why the traffic may be somewhat higher or lower than the previous month.

The data categories represent:

CombADT – the average daily number of cars and trucks counted at continuously counted sites (Note: no car or truck individual counts were taken in 2010)

Total ADT – the average daily count of both cars and trucks at all counted sites

Monthly H2O Usage – the total number of gallons of water used during the month

Notes - Notes indicate when traffic was counted for temporary count sites; if there were any problems with the equipment and when the traffic counter was down; or any well notes included on the water meter reading sheets.

Data Management

The information is processed using Microsoft Access database software. Information for each site is entered into one database file then linked to the data file. Reports are produced grouped by county, listing site information and specific traffic and/or water data.

The WisDOT Information Technology and Management Section sends traffic data reports to RFW monthly. The monthly reports include permanently counted sites including year-round sites and continuous mainline highways. WisDOT's Bureau of Highway Operations requests annually that various seasonal sites be counted. These counts are also sent to RFW. The monthly average daily traffic (MADT) figure is entered for permanent counter sites while the annual average daily traffic (AADT) is entered for cars and trucks at temporary counter sites. WisDOT's traffic count year begins in December and ends November of the following year.

Water use is recorded daily at all year-round roadside facilities by the site maintenance personnel. The majority of the facilities' water meters register water use in gallons, while others register the use in cubic feet. All report data is converted and presented in gallon quantities. Monthly water reading reports are sent to RFW for processing and filing. RFW ensures that all reports are received in an accurate and timely manner.

Analytical Data Reports

The traffic data has been useful to the RAM program managers in evaluating site maintenance funding needs. The traffic counts provide a general comparison for evaluating budgets as well as specific data on hourly, daily, and seasonal traffic variations used to develop maintenance crew work schedules at the roadside facilities. RFW has developed a comparison chart of traffic counts versus site budgeted figures. This has proved useful when negotiating levels of service and budgets for maintenance service provider contracts.

Water Comparison Report

Calendar Years 2007, 2008, 2009 and 2010 Average Monthly Gallons of Water Usage Comparison

County	Site name	2007 AVG Water	2008 AVG Water	2009 AVG	2010 AVG Water	% Change	Notes
Jackson	RA 53	270,919	161,600	178,956	221,463	23.75%	2010 - Increase in traffic counts. 2009 - Additional water usage during July to water lawns/flowers. 2007-Extensive water usage during summer to water lawns/flowers.
Rock	RA 22	179,900	181,350	170,000	148,708	-12.52%	
Columbia	RA 12 (N)				148,546		New rest area opened in January 2010.
Rock	RA 17	171,944	163,031	163,438	145,575	-10.93%	
Columbia	RA 11 (N)			20,600	138,980	574.66%	Pump not working December 2009 - mid March 2010. New meter installed March 15, 2010. 2009 - New rest area opened in November.
Jackson	RA 54	79,969	122,963	120,213	120,038	-0.15%	
Dodge	RA 64	84,767	119,815	94,047	98,430	4.66%	2008 - No data collected in December due to the meter was stuck and needed to be sent in. New meter installed January 28.
Juneau	RA 10	44,867	46,000	74,356	85,933	15.57%	2010 - Excessive watering of flowers. 2009 - Water meter broke February-March. Site temporarily closed April 8-May 6 due to plumbing upgrades. New meter installed in May.
Dodge	RA 63	84,108	81,058	78,183	81,758	4.57%	
Juneau	RA 9	50,792	41,500	63,282	71,642	13.21%	2009 - Building shut down on February 24-28. Site temporarily closed in March due to plumbing upgrades. New meter installed in April.
Jefferson	RA 13	57,775	51,367	55,633	69,517	24.96%	2010 - Well issues. 2009 - Increase in traffic.
Jefferson	RA 14	67,258	55,075	66,367	69,117	4.14%	2009 - Increase in traffic.
Kenosha	RA 26	104,562	85,006	90,014	67,912	-24.55%	2008 - Water decrease in June - August due to less traffic counts and no watering of lawn / flowers.
Dunn	RA 61	111,438	100,000	78,688	64,563	-17.95%	2010 - Closed for a week in June for parking lot repairs. Watered grounds and flowers less. 2009 - Building was closed October 19-22 due to highway construction. 2008 - Water shut off for sidewalk / parking lot repair on September 22-30.
Dunn	RA 62	119,000	103,438	78,500	59,625	-24.04%	2010 - Watered flowers and ground less. 2009 - Building was closed October 19-22 due to highway construction. 2008 - Water shut off for sidewalk / parking lot repair on September 22-30.
Manitowoc	RA 52	75,786	69,028	63,150	59,033	-6.52%	
Monroe	RA 16	45,992	42,267	46,025	50,750	10.27%	
Manitowoc	RA 51	59,696	53,590	51,135	49,615	-2.97%	
La Crosse	RA 31	43,475	42,117	40,308	41,408	2.73%	
Walworth	RA 35	36,308	40,658	45,308	35,850	-20.87%	
Marquette	RA 82	34,075	31,283	32,142	31,250	-2.78%	
La Crosse	RA 15	30,050	32,483	24,836	30,833	24.15%	2009 - Site was temporarily closed April 9 - July 3.
Marquette	RA 81	30,667	27,758	29,200	27,925	-4.37%	
Grant	RA 106	18,275	20,175	23,892	22,533	-5.69%	2009 - Increase in traffic.
Walworth	RA 36	23,542	24,192	24,667	21,858	-11.39%	
Barron	RA 34	27,030	17,489	17,418	16,624	-4.56%	2008 - Building closed due to plumbing February 17-29. Building closed for installation of new plumbing March 1-11.
Barron	RA 33	16,235	16,575	16,464	15,741	-4.39%	2008 - No data collected December- February due to the shut off valve being broken. 2007 - No data collected August - November due to the shut off valve being broken.
Douglas	RA 23	16,513	12,781	15,025	13,419	-10.69%	2009 - Slight increase in traffic. 2008-New meter installed January 10.
Iron	RA 103	12,753	11,397	9,805	11,453	16.81%	2010 - in traffic. 2009 - Decrease in traffic.
Manitowoc	W-4	10,749	8,471	10,920	7,635	-30.08%	2010 - Wayside opened for season on May 17. Less landscape watering occurred in 2010. 2009 - Wayside opened for season on May 21. 2007-Wayside opened for season on April 27.
Waupaca	RA 101	15,133	3,666	3,665	4,205	14.73%	2009 - New meter installed March 14. 2008 - Lawn watering activities ceased. City worked on water and sewer lines in 2007 and 2008.
Overall Average Water Usage:		66,330	60,901	59,541	65,546	10.09%	

Traffic Comparison Report

Calendar Year 2007, 2008, 2009 and 2010 Average Daily Traffic (ADT) Comparison.

County	Site name	2007 ADT Traffic	2008 ADT Traffic	2009 ADT Traffic	2010 ADT Traffic	% Change Between 2010/2009	Notes

Rest Area Maintenance Program CY 2010 Traffic and CY 2010 Budget Cost Comparison

Report Information: The Operating CCLM (Custodial Care and Landscape Maintenance services by the maintenance service provider) Budget for paired sites (i.e. RA 11 & RA 12) is shown with an equal split. Paired sites have an operational advantage because they are close in proximity to each other and thus may gain certain efficiencies in personnel and equipment over those serving as a single site. The Operating Budget also includes Special Vendor Service costs for trash, plumbing, electrical, HVAC, septic, well services, etc. and are noted as per the range of these costs below; these costs are dependent on each site's mechanical systems. This report shall be used as a reference tool.
