Access to care for unexpected health concerns

24/7 Virtual Visit experience

Meet Tessa, a working mom with young children.

Tessa is getting ready for work when she notices her son has a rash.

She schedules a 24/7 Virtual Visit through myuhc.com® and sees a virtual provider within 15 minutes.

The provider diagnoses her son with contact dermatitis and sends a prescription to a local pharmacy.

Tessa picks up the prescription on her way to daycare and then heads to work.

United Healthcare

¹ The Designated Virtual Visit Provider's reduced rate for a 24/7 Virtual Visit is subject to change at any time.

² Certain prescriptions may not be available, and other restrictions may apply.

³ Average allowed amounts charged by UnitedHealthcare network providers are not tied to a specific condition or treatment. Actual payments may vary depending upon benefit coverage. Estimated urgent care savings are based on the difference between average urgent care visit cost of \$180 and virtual visit cost of \$0; \$2,000.00 difference between the average emergency room visit and the average urgent care visit. The information and estimates provided are for general informational and illustrative purposes only and is not intended to be nor should be construed as medical advice or a substitute for your doctor's care. You should consult with an appropriate health care professional to determine what may be right for you. In an emergency, call 911 or go to the nearest emergency room.
