We hired Balloon Artisan for our Corporate VIP Events, (3) cities (LA, NY & Austin). They were amazing to work with from the onset. Very responsive and professional. We had a last minute event that required a short turn around time and balloon Artisan was able to deliver exactly what we needed very quickly. Pam provided us with detailed information and suggestions that helped the process run smoothly. The balloons looked amazing and they handled the setup and take down process in the exact time frames we needed. We will be using them for any future events we have.

Not only did they capture our vision better than expected, but they provided customer service like I've never seen before. Their communication was top tier. I blindly googled for a balloon company extremely last minute for my outdoor 30th birthday party and came upon Balloon Artisan. I was back and forth debating if I even wanted to spend the money on balloons & I though "I could do the balloons myself" ... which now makes me laugh because of the creativity, hard work, and high quality of the balloons that Balloon Artisan provided me. Keenan reached out and worked with me patiently, quickly, and professionally for hours to help me design my DREAM balloon arch & mosaic numbers. Truly such a helpful and attentive person when I was extremely confused and stressed a couple days before the party! The day of the party, the two ladies came to set up my design and couldn't have been better! They were professional, sweet, quick and so thorough. I honestly gasped when I saw the final outcome! I wouldn't change anything about the process except agreeing to the contract sooner! I truly can't recommend Balloon Artisan enough and will only use them for any and all of my balloon needs. Seriously the best experience & the most beautiful balloon quality I have honestly ever seen in person! My party would not have been the same without them!

Ellie and her team are true professionals. She worked very closely with us to make sure the colors and overall look was perfect. They showed up to the venue on time, executed the piece quickly, and were on time for take down and removed it quick as well. This balloon arch and light up letters were the hit of the party! Our guests loved taking pictures in front of it. What a pleasure to work with this team!!

Keenan did an spectacular job for us! It was the centerpiece of the baby shower, everyone used it for picture backdrops and we were definitely glad that we decided to go with Balloon Artisan. It was the perfect colors for our Toy-Story themed shower. Everything was as advertised, and better yet, he showed up personally to make sure we were happy with it before our shower even started.

We could definitely tell that Keenan knows what he's doing and he's had experience with all kinds of latex balloons. Professionalism with class. Thank you Keenan!

Working with Megan and team at Balloon Artisan was a breeze. We sent them a picture of what we wanted and with a few small adjustments, they were able to make it happen. They came early to the venue and setup everything so that when we went there, it was all nice eye candy. The setup was beautiful and all the guests liked it. They also came at the designated time and did the tear up!!! That is what I call credibility and efficiency!!

We booked Balloon Artisan for a baby shower last weekend. I must say that they were an absolute delight to work with! They honored the theme of the shower, spent time with me on colors and design and then checked in multiple times before the event to make sure they had captured my expectations how I wanted it. The delivery service was smooth, they were on time, polite and again checked in to make sure everything was how I wanted it. Then, they double checked the pick up time I wanted and again were on time to take things down leaving no mess behind. Many people commented on the design and we have many beautiful pictures of my daughter, son-in law and other family and friends to help remember this special day. I highly recommend this company.
