Breitling

NAVITIMER B01 CHRONOGRAPH 46mm AUTOMATIC WATCH

£7,850

If you like your watches with a little bit of history behind them, this Breitling beauty might be the one for you. Developed with pilots in mind, the Navitimer has become a timekeeping icon, admired as much for its functionality as it is for its style. With a stainless-steel strap and case, the design is finished with a glare-proof cambered sapphire glass and a dark green dial.

TUDOR

BLACK BAY CHRONO 41MM S & G BLACK AND GOLD DIAL

£6,860

Wrap your wrist in a mix of stainless steel and yellow gold with this timeless design from TUDOR. A stunning piece of modern luxury, it features a sleek black anodised aluminium dial and Calibre MT5813 movement, ensuring incredible accuracy under the sapphire crystal glass. Water resistant for up to 200m, it comes with a five-year warranty and a 70-hour power reserve.

OMEGA

AMERICA'S CUP SEAMASTER 42mm CO-AXIAL WATCH

£6,100

A commemorative piece to celebrate the America's Cup, this stainless-steel design features a blue ceramic unidirectional bezel and a regatta scale. With its laser-engraved, white ceramic matt finish dial, this watch certainly looks the part, but it also features OMEGA's Co-Axial Master Chronometer Calibre, ensuring exemplary time-keeping.

Breitling

SUPER CHRONOMAT 38mm AUTOMATIC LAB DIAMOND BEZEL

£12,100

This stand-out timepiece features unique details like ceramic rider tabs and crown, and a rubber rouleaux bracelet. It has a stainless-steel case, with a lab diamond 18k rose gold bezel, while the mint green dial has rose gold accents. This iconic watch is functional too, with mechanical movement and a 38-hour power reserve.

TAG Heuer

AQUARACER 200 40mm SOLARGRAPH QUARTZ WATCH

£2,050

An everyday watch with incredible durability and elegance, this offering from TAG Heuer features Calibre TH50-00 movement with Solargraph technology, making it a smart, reliable timepiece at the forefront of watch innovation. The forest green face is covered with sapphire crystal glass, ensuring your wrist catches everyone's eye.

Gucci

INTERLOCKING 29mm STEEL QUARTZ WATCH

£1,540

Add a little pink to your bling with this G-logo interlocking watch. The pink dial is beset with tiny diamonds and covered in scratch-resistant sapphire crystal glass with a single layer of anti-reflective coating. Set on a stylish stainless-steel bracelet, this is a fun yet elegant way to tell the time.

TUDOR

BLACK BAY 31mm STEEL AND GOLD DIAMOND BEZEL
BRACELET WATCH

£7,180

Watches don't come much more glamorous than this! With a curved case, almost unisex style, the stainless-steel design holds a yellow-gold diamond-set bezel with a silver dial, covered in sapphire crystal glass. With self-winding movement and a screw-down Tudor logo crown, this is a watch that shows you mean business.

GUCCI

25H DIAMOND BEZEL WHITE DIAL

£3,560

A watch you can dress up or down, this Gucci timepiece is both durable and stylish, with a stainless-steel strap and case, a stylish white dial and a bezel set with diamonds, protected with sapphire crystal glass. It features quartz movement and is water resistant up to 30m.

for both

TAG Heuer

CARRERA DATE 36mm AUTOMATIC WATCH

£2,850

This unisex design is delight, with a turquoise blue snail brushed dial to bring out your eyes and an elegant steel case that looks fantastic on any wrist. Stylish and functional, it is covered in sapphire crystal glass and is water resistant up to 50m.

TUDOR

ROYAL BLACK DIAMOND DIAL 38mm AUTOMATIC WATCH

£2,800

Nothing is as elegant as stainless steel and black, making this a timeless timepiece that works for anyone. With roman numerals on a black sunray dial powered by a TUDOR self-winding T691 mechanical movement and a stainless-steel case with notched bezel, this design has everything you could want in a watch – it's even waterproof to 100m!
