## LANA: Italian Grandeur, Ocean-Bound

Few yachts match the sculptural beauty of LANA. At 107 metres, this Lürssen-built superyacht combines powerful engineering with refined design. With exterior lines by Espen Øino International, LANA's sleek silhouette is balanced and commanding, gliding through the water with grace and precision.

Launched in 2020, she features a steel hull and aluminium superstructure, reaching top speeds of 18.5 knots. Her expansive 3,600 GT volume provides ample space for luxurious accommodations and wellness amenities. Interior design by Benetti's in-house team focuses on rich textures (glossy rosewood, ivory-toned furnishings, and floor-to-ceiling windows) that bring in sweeping sea views.

Wellness is central to the LANA experience. Guests enjoy a spa with a massage suite, steam room, hammam, and fully equipped gym. Outdoor areas include a sundeck, Jacuzzi and a beach club with direct access to the sea. The water sports garage holds jet skis, SeaBobs, diving gear, and inflatables, allowing guests to explore in style.

Service is nearly unrivalled, with a crew of 34 catering for up to 12 guests in eight lavish staterooms. Whether organizing gourmet dinners, curated excursions, or wellness treatments, LANA's staff delivers the definition of Mediterranean glamour with precision, privacy, and polish.

## LADY S: A Sports Star's Dream

Commissioned by an NFL team owner and delivered by Feadship in 2019, the 93-metre LADY S is a floating playground built for fun and flair. Her sleek profile was crafted by Michael Leach Design, while the interiors, a blend of crisp whites, metallics, and modern minimalism, were designed by Reymond Langton.

Her standout feature? A fully certified IMAX cinema - the first ever aboard a yacht. It delivers a true theatrical experience with 4K visuals, surround sound, and tiered seating. Other entertainment features include a golf tee, a basketball court (which doubles as a helipad), and a chic beach club with a plunge pool and lounge area.

LADY S is built for both adventure and relaxation, offering family-friendly layouts alongside sophisticated social areas. She sleeps up to 12 guests in seven suites, with a professional crew of 31. Each voyage aboard LADY S feels dynamic and bespoke, combining the energy of a sports enthusiast's dream with the elegance of a world-class retreat.

## EVIRIMA: The Ritz-Carlton Yacht Collection's Flagship of Elegance

At 190 metres, Evrima is the flagship of The Ritz-Carlton Yacht Collection and redefines luxury cruising with the intimacy of a private yacht. Launched in 2022, she accommodates just 298 guests in 149 ocean-view suites - each with a private terrace and interiors inspired by European design principles.

The focus on experience is evident in every detail. Guests can dine in five refined venues, from S.E.A., helmed by a Michelin-starred chef, to Talaat Nam, an Asian fusion restaurant. Local ingredients and regional flavours are central to Evrima's globally inspired menus.

Wellness is equally prioritised. The Evrima Spa features treatment rooms, a relaxation lounge, and a modern fitness studio. Outdoors, guests can unwind on the expansive pool deck or enjoy the private marina for paddleboarding, kayaking, or snorkelling.

Evrima sails to handpicked ports in the Mediterranean, Caribbean, and Central America. Every itinerary is curated to deliver cultural immersion, comfort, and signature Ritz-Carlton service, blending the best of luxury travel and yachting in one sleek vessel.

The first of the Bilgin 263 series, she was designed by Unique Yacht Design with interiors by H2 Yacht Design. Her sleek profile and streamlined hull reduce drag and improve fuel efficiency.**

TATIANA runs on MTU engines and incorporates advanced wastewater treatment and emissions control systems, resulting in significantly lower environmental impact compared to similar-sized yachts.

The interior is modern and warm, with earth tones, ambient lighting, and natural materials creating a relaxed, resort-like

atmosphere. Her wellness offerings include massage rooms, a sauna, and a beauty salon. Guests can enjoy an onboard cinema, an infinity pool, and an expansive beach club with fold-out terraces and ocean access.

TATIANA hosts up to 12 guests in eight cabins, attended by a crew of 20. She cruises comfortably at 12 knots, offering a serene and eco-conscious experience without compromising luxury.

From the sculpted precision of LANA to the innovative spirit of LADY S, the elegant curation of EVRIMA, and the sustainable ethos of TATIANA, these yachts represent the evolving face of modern yachting.
