

WASHINGTON GAS VIRGINIA CARE PROGRAM

2018 REBATE APPLICATION – RESIDENTIAL

STEP 1: READ OUR TERMS AND CONDITIONS

Washington Gas' Natural Gas Conservation & Ratemaking Efficiency Plan, including this incentive, was approved by the Virginia State Corporation Commission and is **subject to the availability of funds**.

Washington Gas issues rebates in the form of a prepaid debit card, not credits to utility bill. Cards will not have cash access and can be used everywhere the payment cards are accepted. Cards expire six months from date issued.

All rebates will be sent to the mailing address listed on this rebate form. **Rebates are limited to one per equipment type per residential Washington Gas account.**

Applications must include all information requested and comply with these "Terms and Conditions," otherwise the rebate may be delayed or denied. Please see STEP 7 provided on this form to ensure that all applicable items are submitted with your request.

Payment of the rebate by Washington Gas does not warrant the performance of the installed equipment and does not warrant that the equipment or service will deliver any specified amount of energy or cost savings. The customer shall independently evaluate any information related to the qualifying equipment.

Qualifying equipment can be found online at **WashingtonGasRebates.com**.

Efficiency equipment and services must be installed in residential dwellings within Washington Gas' Virginia service area.

All equipment must be new, and, with the exception of WiFi-Enabled Thermostats, must be purchased then installed by a licensed contractor prior to submitting a rebate application.

Neither Washington Gas, its parent company, affiliates, subsidiaries, officers, employees, nor its contractors make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness or usefulness of any information, estimated savings, benefits, products or process disclosed, or represent that its use would not infringe on privately-owned rights.

Equipment must have been purchased and installed during the period starting 05/01/2018 and ending 04/30/2019. **You must apply within 30 days of purchase or installation and no later than 05/30/2019.**

Reference to any specific commercial project, processes or service by trade name, trademark, manufacturer or otherwise does not necessarily constitute or imply its endorsement, recommendation or favoring by Washington Gas, its parent company, affiliates, subsidiaries, officers, employees or its contractors.

All furnace applications MUST include a picture of the installed item, displaying model number and efficiency levels. Washington Gas will not pay rebates for efficiency products or services that are mislabeled or misrepresented by dealers regarding rebate qualifications.

Washington Gas is not responsible for any misinformation supplied by your retailer or that your contractor provides relating to the amount and/or conditions of the actual rebate.

STEP 2: COMPLETE THE ELIGIBILITY CHECKLIST**CHECK ALL
THAT APPLY**

I have read and understand the Terms and Conditions above.

☐

I have a Washington Gas account for a Virginia residence.

☐

I purchased and/or had the equipment installed between May 1, 2018 and April 30, 2019.

☐

The rebate amount is less than the total amount I paid for the equipment.

☐

***If a box was left unchecked, you may not be eligible for a rebate.
For questions regarding your eligibility, visit WashingtonGasRebates.com or call 877-240-9183.***
