

#SustainableInnovation

EVERY DROP GETS
A SECOND AND THIRD CHANCE.

INTRODUCING

THE WORLD'S FIRST* WHIRLPOOL
WITH 3-STAGE FILTRATION SYSTEM

Stage 1: Carbon Filter | Stage 2: Ultraviolet (UV) | Stage 3: Ozone Generator | +Inbuilt Water Heater

KUBIX PRIME
triGieneTM

Explore sustainable innovation re-defined with Jaquar's Kubix Prime Whirlpool, equipped with TriGiene technology allowing water to be reused multiple times. Now you can save water and time without compromising on hygiene, and positively contribute to the environment.

Visit Jaquar World/ Orientation Center to explore more.
