Important - Safety Instructions

- Read these instructions carefully. Note all warnings and keep this leaflet for future reference.
- The product contains no user-serviceable parts. Refer all servicing to qualified service personnel.
- Handle the product with care and do not attempt to dismantle it.
- Do not expose the product or its accessories to any liquids, rain or moisture.
- The product will become warm during operation. Do not locate the product near a heat source and do not block ventilation holes. Allow at least 10 cm (4”) space around the product for air circulation.
- Do not put the product in locations where it may be subject to physical shock, vibration or where it may fall over.
- Do not place the product on soft furnishings or carpets.
- Only use the power supply provided by the manufacturer. The use of any other type of power supply may be dangerous and may invalidate any approval or warranty. If the power supply is not suitable for your region, please contact the service provider that supplied it.
- Protect the power supply adapter from damage.
- To disconnect the product from mains electricity, remove the power supply adapter.
- Disconnect the product from the mains supply during electrical storms, or if it is to be left unused for long periods of time.
- Disconnect the product before cleaning. Use only a dry cloth.
- The product should only be used with attachments and accessories specified by the product manufacturer.
- The product is for indoor use only.

FCC Statement

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
    - Reorient or relocate the receiving antenna.
    - Increase the separation between the equipment and receiver.
    - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
    - Consult the dealer or an experienced radio/TV technician for help.

Safety Leaflet

FCC Caution

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
    i. This device may not cause harmful interference, and
    ii. This device must accept any interference received, including interference that may cause undesired operation of the device.

Important Note

- RF exposure warning statement:
    i. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
    ii. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body.

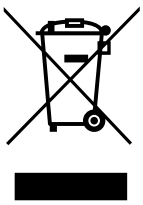

ISED Statement

- This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:
    i. This device may not cause interference.
    ii. This device must accept any interference, including interference that may cause undesired operation of the device.
- The digital apparatus complies with Canadian CAN ICES-3 (B) / NMB-3(B).
- This device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.
- This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment.
- This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
- The device for the band 5150-5250 MHz is only for indoor usage to reduce potential for harmful interference to co-channel mobile satellite systems.
- Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada.
- L'exploitation est soumise aux deux conditions suivantes:
    i. Cet appareil ne doit pas provoquer d'interférences.
    ii. Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.
- L'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b).
- Cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 2.5 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.
- Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé.
- Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.
- Les dispositifs fonctionnant dans la bande 5150-5250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

Product Disposal Information – EU Only

- Amino products are labeled in accordance with the WEEE Directive and therefore should not be disposed of with other household or commercial waste. For residential users: please remove any batteries and dispose of them and the product in accordance with your local authority's recycling processes. For further information please contact your local authority or the retailer where the product was purchased.
- For business users: business users should contact their supplier and check the terms and conditions of the purchase contract and ensure that the product is not mixed with other commercial waste for disposal.

Support and Regulatory Information

European Approvals

2014/53/EU (RED Directive)

2011/65/EU & (EU)2015/863 (RoHS Directive)

2012/19/EU (WEEE Directive)

2014/35/EU (Low Voltage Directive)

2014/30/EU (EMC Directive)

Conformity

EN IEC 62368-1: 2020 + A11: 2020

UL 62368-1: 2019 Ed.3

CSA C22.2 No. 62368-1: 19 Ed 3

Manufacturer/Importer

- Amino Communications Ltd., Office 235, Regus, Vision Park, Chivers Way, Histon, Cambridge, CB24 9AD.

Declaration of Conformity

- Hereby, Amino Communications Ltd. declares that the radio equipment type IP Digital set-top box is in compliance with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available upon request.
