

Build Your Own Management Solution

Expert-built custom business software solutions

At CoreStream GRC, we believe **technology should be an enabler, not a barrier.**

The CoreStream GRC platform is designed with **flexibility at its core**, empowering your organization to create a GRC solution **tailored** to your unique requirements. With our **no-code approach** and expert team by your side, we can build a system that fits your business perfectly.

Trusted by companies around the world

CoreStream Build Your Own solution includes:

Expert-led tailored design workshops

Support for unique processes/regulations (e.g., rail franchise obligation management)

Pre-built modules/functionality like a risk register or assessment forms

Integration with existing systems for seamless operation

Capability to create entirely new solutions based on your processes

Adaptability to evolving business needs

Quick implementation with pre-built, customizable features

Expert support for ongoing optimization and expansion

“The BBC and its Partners have awarded contracts to CoreStream GRC through competitive procurement process. I have recommended CoreStream GRC repeatedly as the company provides reliable, robust, intuitive software which has met the BBC information security, data, and risk controls. Corestream GRC has been central to us securing and retaining audience trust, and the business partnership we share is first class.”

"Delivering on some of the most complex third party risk, internal control, and risk management projects for major corporations.

CoreStream GRC's platform is a powerhouse: agile, highly configurable, and capable of being tailored to an organization's specific needs with minimal effort."

Michael Rasmussen

GRC Analyst & Pundit at GRC 20/20 Research

GRC done your way

With our no-code approach and expert team by your side, we can build a system that fits your business perfectly.

Our platform is as versatile as building with Lego bricks. Choose from **pre-built modules** like risk management, policy management, and more, or work with our team to create something entirely new. The **possibilities are endless**.

With CoreStream GRC, you don't have to wait months for results. Our platform's pre-built, customizable features enable **quick implementation while still delivering a fully tailored solution**. It's about maximizing efficiency without compromising quality.

Start with a **single solution and scale up**, or dive into a full GRC package – we're here to support the way you do GRC.

Work with us and you'll have everything you need to build the perfect GRC solution

"Game changing GRC technology"

Rapid speed of deployment, so you're up and running in weeks not months

Fully-featured, workflow-enabled action tracking available with flexible, customizable reporting

Reduction in uncertainty enabling an organization to focus on achieving its objectives and acting with integrity.

"We quickly appreciated that the CoreStream product was for us and, importantly, one with the potential and flexibility for our users to grow with.

Added to this has been CoreStream GRC's service that, from enquiry implementation, has been **faultless**."
