

MISSION MOMENT

Sugar Rush An Immersive Art Exhibit

On the heels of a successful run in Los Angeles, California, Sugar Rush came to Mississauga in August. An immersive open-air experience, set up to provide a vibrant walk through 50,000 square feet of pure candytopolis featuring colorful installations. This one-of-a-kind art display included live performances, custom parade floats and candy-powered interactions.

Two of our residents, who love the arts, had the opportunity to attend Sugar Rush. While they enjoyed the free samples, our Hopewell residents loved the opportunity to explore the many installations, interact with the performers and watch the parade. As Ontario begins to reopen our residents are excited with the possibilities of exploring more of their surrounding communities.
