

Living Our Mission

Hopewell has provided T's family with respite support for quite a while. Due to struggles at home, T has been living full time at Hopewell's Elmira location since the fall 2023. He initially struggled with the change and missed his family immensely. With our staff team's incredible compassion and support, T has adjusted well to his new living arrangement and has formed many friendships while living at Elmira. If you stop by Elmira today, you will hear T laughing along with his peers, and he often has a big smile on his face. The staff team has supported T to develop a regular exercise regime and healthy eating habits. This has resulted in T gaining strength and independence.

The community is currently working together to find T a new home that will accommodate his needs on a permanent basis. In the meantime, we continue to enjoy having T as part of the Hopewell family and look forward to supporting him into the next chapter of his life!
