THE WINE LIST

Welcome to Syttende's Wine List. Travel with us into a well-appointed, exclusive and sophisticated world of wine where every single winegrower has been hand-picked for our wine list. This list includes innovative winegrowers you have never heard of before, but also renowned classic wineries adhering to traditions of highest calibre, and this has made their wines what they are today. The list includes wines from all over the world and many different grape varieties. The list has something for every taste.

Nonetheless, all wines at Syttende have something in common. The winegrower takes the same approach to his/her wines and grapes as we do to our cuisine. This means that every winegrower you encounter on our wine list has been personally selected. These winemakers master the art of merging exquisite ingredients and excellent quality with unrivalled craftsmanship and local traditions. They respect the individual grape. Each wine tells its own story about how its growing season has been. It reflects its region, traditions and distinctive qualities. Because wine is alive and always developing, two vintage wines are rarely the same.

To those who prefer beer or cider, our list provides the best we could find in the Kingdom of Denmark. The list also has space for innovative producers and those who want to widen our perception of what cider is capable of. Complex, vinous and incredibly seasonal. Although ingredients and methods can vary from one winegrower or brewer to the next, they all share the same sublime sense of quality and good craftsmanship.

So explore our wine list and be inspired! Discover our wines and cold beverages, no matter if you prefer to tread new or well-beaten paths. We warmly welcome you to Syttende.
